### FOR IMMEDIATE RELEASE

AMSTERDAM - JULY 17, 2025 10:50 AM (EDT)

**AM Best** has affirmed the Financial Strength Rating (FSR) of A+ (Superior) and the Long-Term Issuer Credit Ratings (Long-Term ICR) of “aa” (Superior) of Munich Reinsurance Company (Munich Re) (Germany) and its subsidiaries. AM Best also has affirmed the Long-Term ICR of “a” (Excellent) of Munich Re America Corporation (Munich Re America) (Princeton, NJ) and its associated Long-Term Issue Credit Ratings (Long-Term IR). The outlook of these Credit Ratings (ratings) is stable. See below for a detailed listing of all companies and ratings.

The ratings reflect Munich Re’s balance sheet strength, which AM Best assesses as strongest, as well as its strong operating performance, very favourable business profile and very strong enterprise risk management.

Munich Re’s balance sheet strength is underpinned by its risk-adjusted capitalisation that exceeds the level required to support the strongest assessment, as measured by Best’s Capital Adequacy Ratio (BCAR). AM Best expects Munich Re’s risk-adjusted capitalisation to remain at the strongest level, despite the group’s exposure to potentially large losses and its record of substantial dividend payments and share buybacks. In addition, the group benefits from excellent financial flexibility and a relatively low financial leverage with a robust coverage ratio.

The group’s operating performance is strong, demonstrated by a net profit of EUR 5.7 billion in 2024 (2023: EUR 4.6 billion) with a return-on-equity ratio standing at 18.1% (as calculated by AM Best). The group’s property/casualty (P/C) reinsurance division, which includes global specialty insurance business in 2024, reported a net profit of EUR 3.2 billion with natural catastrophe and man-made losses largely in line with budget at EUR 3.9 billion. Munich Re’s life & health reinsurance division and ERGO reported net profits of EUR 1.7 billion and EUR 0.8 billion, respectively, demonstrating the benefits of the group’s good earnings diversification. Furthermore, increased investment results contributed significantly to Munich Re’s annual results.

Munich Re is a leading global reinsurer and its business profile benefits from excellent diversification, with the performance of its various life, health and P/C operations largely uncorrelated. Given its global market presence and excellent brand, the group is well-positioned to benefit from improved reinsurance market conditions.
