Our current risk appetite consists of the following:

Autonomous Vehicles

Companies that are researching, testing, or developing hardware or software designed to move autonomous vehicle technology forward.

Sharing Economy – Mobility Related

Carsharing

Companies that provide a mobile based digital platform that connects car renters with car owners.

Ridesharing

Companies that provide a peer to peer, mobile based digital platform that connects passengers with drivers.

Sharing Economy – Non-Mobility

Companies that provide a mobile based digital platform that connects providers with customers.
