Shareholders entered in the shareholders' register may order admission cards on the internet (www.munichre.com/hv) or using the application form sent to them by Munich Reinsurance

Company. Orders for admission cards are to be sent in writing, using the stamped, addressed envelope contained in the mailing documentation, to

Munich Reinsurance Company
GL1.2 – Annual General Meeting
Postfach 40 12 11
80712 Munich, Germany

Orders for admission cards (originals only) received by banks should be forwarded promptly to this address. Munich Reinsurance Company will issue the admission cards and send them directly to the shareholders, as long as the registration is made by midnight on 18 April 2018.

5 Postal vote

Shareholders entered in the shareholders' register may cast their votes electronically, and change those votes if necessary before the end of the general debate, using the postal vote option on the Company's website (www.munichre.com/hv). Alternatively, they may use the postal vote form provided with the registration form and return it to the Company in the stamped, addressed envelope, as long as this registration is made by midnight on 18 April 2018.

6 Proxies nominated by the Company

Shareholders may also appoint proxies nominated by Munich Reinsurance Company to vote on their behalf. Such appointments may be made online (www.munichre.com/hv) or by post using the aforementioned registration form in the stamped envelope and sent directly to Munich Reinsurance Company, as long the proxy is received by 18 April 2018.

7 Bank and shareholders' association proxies

In the registration form sent by the Company to the shareholders, we request that bank and shareholders' association proxies be sent directly to them, should they offer such proxy services.

Should you accept the proxies sent to you by shareholders, or permanent proxies, please note the following:

Virtual voting cards

Banks and shareholders' associations who wish to use a **virtual voting card** are to send their documentation (proxies and instructions), without sorting according to instruction groups, to Munich Reinsurance Company, GL1.2 – Annual General Meeting, 80791 Munich. All proxies and instructions will be entered on an admission card and filed. At the Annual General Meeting, bank and shareholders' association representatives will receive an overview at the bank counter of how the votes are distributed across the various agenda items. At the latest on the day of the AGM, the representative must produce a legally valid power-of-attorney from the represented institution. The representative may still change the vote during the AGM by going the bank counter and making the

change known. Persons wishing to make use of this option should send an E-mail to hv@munichre.com, or call (089) 3891-2345 to clarify outstanding details.

Permanent proxies for bank customers

Banks and shareholders' associations who hold **permanent proxies** are asked to kindly notify us **on Wednesday, 18 April 2018**. Please send the files to the following e-mail address: hv@munichre.com.

Please notify us in good time using the indicated e-mail address, so that we can test the technical transmission channels.

Should you not offer proxy services, we would be very grateful if you could arrange for the representation of these shareholders' voting rights by a different institution. By forwarding the application form to Munich Reinsurance Company, you may also allow these voting rights to be exercised by the proxies nominated by the Company. At the same time, such forwarding informs us that you are not prepared to exercise the voting rights. Regardless of the above, please let us know by fax at (+49) 89 3891-72255 whether or not you will exercise voting rights for customers at this year's Munich Reinsurance Company AGM.

8 Important notice regarding applications by nominees

Section 67 of the Stock Corporation Act enables issuers to demand transparency regarding the registration of nominees in the shareholders' register. The Company's Articles of Association also contain detailed provisions as to the holding thresholds beyond which more details about the investors under the nominee registration must be disclosed to the Company and registration is required in order to exercise the voting rights:

- Investors entered under the name of a nominee may register their holdings at the AGM and vote. Investors who hold more than 0.1% of the Company's share capital (currently more than 155,028 shares), must be disclosed to the Company at the latest three days before the AGM. The banks therefore obtain the time necessary to examine or cumulate the holdings after the registration deadline.
- **Nominee registrations which exceed 2% of the share capital** (currently more than 3,100,559 shares) **have no voting rights**. In such cases, we recommend registering the shares directly in the client's name by 18 April 2018 (technical record date).

Share registration will not block or restrict the trading in shares. You may use various technical platforms for this procedure (e.g. VisEq, Twin Instruction). For further information on making the disclosure and registration, please E-mail us at hv@munichre.com or call (+49) 89 3891-2345.

9 Note on shareholdings

The number of held shares recorded in the shareholders' register at midnight **on the last day to register (18 April 2018 – technical record date)** merely determines voting rights on the day of the AGM. Shares are not frozen due to registration for the AGM; shareholders may still freely dispose of their shares even after they have successfully registered. Orders for transfer in the shareholders' register during the period from 18 April 2018 until 25 April 2018 inclusively, will be processed and taken into account effective only after the Annual General Meeting on 26 April 2018.

The number of shares on each admission card will be adjusted to these updated holdings on 18 April 2018. Therefore, there may be differences between a requested number of votes and the actual number on an admission card. The same applies to postal votes.
