Section II

Share capital and shares

Article 3

(1) The share capital of the Company amounts to 587,725,396.48 euros. It is divided into 140,098,931 no-par-value shares.

(2) The shares are registered shares. Transfer to a new acquirer may be effected only with the approval and at the discretion of the Company. The Company shall not be obliged to state reasons for declining the transfer. The Company's approval is not required for the transfer of shares converted from bearer shares into unrestrictedly transferable registered shares by resolution of the General Meeting on 22 July 1999.

(3) The shareholders shall be obliged to disclose to the Company any information required by law relating to entry in the shareholders' register. Furthermore, they shall indicate the extent to which the shares actually belong to the person duly entered in the shareholders' register.

(4) In relation to the Company, rights and obligations from shares exist only for and against the party registered in the shareholders' register.

Entries under a person's own name in respect of shares belonging to a third party shall be subject to the following conditions:

- a) There will be no further requirements in respect of entries of holdings by any one natural or juristic person up to 0.1% of the share capital as stated in the Articles of Association.
- b) For entries of holdings by any one natural or juristic person in excess of 0.1% of the share capital as stated in the Articles of Association, registration requires that, at the request of the Company, nominees make a clear commitment to disclose within a reasonable period any information demanded by the Company pursuant to paragraph (3) above in respect of persons holding more than 0.1% of the share capital as stated in the Articles of Association.

The rights of the Company under Section 67 (4) of the Stock Corporation Act (AktG) and Article 3 (2) of these Articles of Association shall remain unaffected.

(5) As long as and as far as entries in one's own name for shares which belong to a third party exceed the maximum limit of 2% of the share capital as stated in the Articles of Association, the shares entered shall not carry any voting rights.

(6) The provisions of paragraphs (3) to (5) entered into force on 1 January 2010, and the respective current version applies as of that date to existing entries as well.

(7) In the event of an increase in share capital, the date on which the new shares become entitled to dividend may differ from the date of the capital contribution.

Article 4

(1) The Board of Management is authorised, with the consent of the Supervisory Board, to increase the Company's share capital at any time before 27 April 2026 by an amount of up to 117,500,000 euros by issuing new registered no-par-value shares against contributions in cash and/or in kind. The authorisation may be exercised as a whole or in parts on one or more occasions. The Board of Management is also authorised, with the consent of the Supervisory Board, to determine all other rights of the shares and the terms of issue (Authorised Capital 2021).

Shares to be issued under this authorisation, together with shares sold or issued during the term of this authorisation under other authorisations and shares issued to fulfil conversion rights, warrants or conversion obligations from convertible bonds, bonds with warrants, profit participation rights, profit participation certificates or combinations of such instruments (hereinafter together referred to as "Bonds") issued during the term of this authorisation, may not exceed 30% of the share capital, either at the time this authorisation becomes effective or at the time it is exercised.

Shareholders are generally entitled to subscription rights. The new shares may also be acquired by banks or equivalent institutions pursuant to Section 186(5) sentence 1 of the AktG subject to the obligation to offer them to the shareholders.

The Board of Management is authorised, with the consent of the Supervisory Board, to exclude the shareholders' subscription rights in the following cases:

- insofar as it is necessary in respect of fractional amounts resulting from the subscription ratio;
- insofar as this is necessary to grant the bearers or creditors of Bonds with conversion rights, warrants or conversion obligations issued by the Company or by one of its dependent Group companies, pre-emptive rights to the extent to which they would be entitled as shareholders after exercising their conversion rights or warrants or after the conversion obligations from such Bonds have been satisfied;
- if, at the time of the final determination of the issue price, which should occur as close in time as possible to the placement of the shares, the issue price of the new shares is not significantly lower than the stock market price of the Company shares already listed on the stock exchange, and the shares issued with exclusion of the shareholders' subscription rights pursuant to Section 186(3) sentence 4 AktG do not exceed a total of 10% of the share capital, either at the time this authorisation becomes effective or at the time it is exercised. This maximum limit is to include shares sold or issued, during the term of this authorisation until the time it is exercised on the basis of other authorisations with exclusion of subscription rights, directly or indirectly pursuant to Section 186(3) sentence 4 AktG, and shares to be issued to fulfil conversion rights, warrants or conversion obligations from Bonds issued during the term of this authorisation with

exclusion of subscription rights, analogously pursuant to Section 186(3) sentence 4 AktG;

- in order to offer the new shares to all shareholders, to enable them to subscribe for new shares against full or partial contribution in kind of their right to payment of the dividend arising out of the resolution on the appropriation of profits at the Annual General Meeting (scrip dividend); and/or
- in the case of capital increases for new shares against non-cash contribution, especially in the context of company mergers or for the purpose of directly or indirectly acquiring companies, parts of companies, shareholdings in other companies, other assets, or rights to acquire assets.

Shares to be issued excluding shareholder subscription rights under this authorisation, together with shares sold or issued by the Company excluding subscription rights during the term of this authorisation under other authorisations, and shares issued to fulfil conversion rights, warrants or conversion obligations from Bonds issued excluding subscription rights during the term of this authorisation, may not exceed 10% of the share capital, either at the time this authorisation becomes effective or at the time it is exercised.

(2) A contingent increase in the share capital by up to 117 million Euros, consisting of new registered no-par-value shares, has been authorised. The purpose of this contingent capital increase is to permit shares to be granted to the holders of convertible bonds, bonds with warrants, profit participation rights or profit participation certificates (or combinations of such instruments) with conversion rights, warrants or conversion

obligations, which are issued by the Company or a Group Company in accordance with the authorisation granted by the Annual General Meeting on 29 April 2020 for the period from 29 April 2020 to the end of the day on 28 April 2025. The increase in the share capital is to be carried out only to the extent that warrants or conversion rights under the aforementioned instruments are exercised, or conversion obligations under these instruments are fulfilled, and insofar as other means of fulfilment are not introduced. The issued shares are to participate in the profits as of the beginning of the financial year in which they are issued; as an exception the Board of Management may, with the approval of the Supervisory Board, decide that the new shares may also participate in the profits of a previous financial year for which a resolution on the appropriation of profits has not yet been made by the Annual General Meeting at the time of their issue. The Board of Management is authorised to decide on the further details of the contingent capital increase (Contingent Capital 2020).

(3) Article 3 (7) applies here accordingly.

Article 4 a

Shareholders may request to have their unrestrictedly transferable registered shares converted into restrictedly transferable registered shares. The Company may limit the exercise of this right to individual periods within the financial year by means of appropriate notification. The costs of conversion shall be borne by the Company.

Article 5

(1) The right of shareholders to have share certificates issued for their shares is excluded. The Company may issue certificates for individual

shares (single share certificates) or for more than one share (multiple share certificates). The form of share certificates and of dividend and renewal coupons shall be determined by the Board of Management.

(2) Coupons and renewal certificates (talons) shall be made out to the bearer.

Section III Constitution

A. General Meeting

Article 6

(1) The General Meeting shall be held at the registered office of the Company, at a venue within a radius of 50km of said registered office or in another German city with a population of more than 100,000 inhabitants, the choice of venue being at the discretion of the Board of Management.

(2) In order to participate in the General Meeting and exercise their voting rights, shareholders shall register in good time for the General Meeting and have their shares entered in the register of shareholders by the stipulated deadline. Applications shall be submitted to the Company at the address given in the invitation, at the latest on the last day of the statutory deadline for registration. In the invitation to the General Meeting, the Board of Management may stipulate a shorter deadline for registration, measured in days.

(3) If there is an entry in the shareholders' register under one's own name for shares which belong to a third party exceeding 0.1% of the share capital as stated in the Articles of Association, disclosure

regarding the submitted shares pursuant to Article 3 (4) (b) of the Articles of Association must be made to the Company no later than three days prior to the Annual General Meeting.

Article 7

(1) The Board of Management may provide for shareholders to participate in the General Meeting without the need to be present at the venue and without a proxy and to exercise some or all of their rights fully or partially by means of electronic communication. The Board of Management shall also determine the details of the procedure, to be notified when the General Meeting is announced.

(2) The Board of Management may provide for shareholders to cast their votes, without the need to be present at the venue, in writing or by means of electronic communication (postal vote). The Board of Management shall also determine the details of the procedure, to be notified when the General Meeting is announced.

(3) Voting rights may be exercised by proxy. Granting of proxies, their revocation and proof of authorisation vis-à-vis the Company shall be submitted in writing. The Board of Management shall announce details of the procedure in the invitation to the General Meeting, and in doing so determine a relaxation of some of the formal requirements.

Article 8

(1) The Chair at the General Meeting shall be taken by the Chairman of the Supervisory Board. In the event that he is unable to attend or is unwilling to chair the Meeting, the Chair shall be taken by another member of the Supervisory Board duly

determined by the Chair of the Supervisory Board, or – in the absence of such an appointment – by the other shareholder representative to the Supervisory Board on the committee as per Article 13(3) sentence 3 of these Articles of Association (Conference Committee). If none of these persons are able to attend or are willing to chair the Meeting, the Chair shall be elected by those members of the Supervisory Board of shareholders present.

(2) The Chairman of the Meeting shall be responsible for conducting proceedings. He shall determine the order of speakers. As regards the right of shareholders to speak and submit questions, he may also reasonably limit the time shareholders have to do so; in particular, he may at the start or in the course of the General Meeting reasonably set time limits on the Meeting's proceedings, on the discussion of items on the agenda or on individual contributions (questions or comments). When determining the time to be allocated to individual contributions (questions or comments), the Chairman of the Meeting may distinguish between first and repeated requests to address the Meeting and also according to other material criteria.

The Chairman of the Meeting shall determine voting procedure. He may determine an order of items on the agenda which differs from that given in the invitation to the Meeting.

(3) If announced in the invitation to the General Meeting, the Chairman of the Meeting may permit audio-visual transmission of the General Meeting in a form to be specified by him in greater detail.

The second resolution shall only be possible following a suitable period of reflection and after the issue has been dealt with in the competent committee, but is thereafter also possible by written consent in lieu of a meeting. This shall also apply mutatis mutandis to dismissal of a member of the Board of Management pursuant to Section 84 AktG.
