How to get started using Appulate

1 **Log in. It's free!**

Go to hsb.appulate.com/signin and enter your credentials.If you don't know your credentials, click forgot password?

If you do not have an account or your email is not recognized, go back to the sign-in screen and click the Sign up now link to set up your account in minutes.

2 **Download Appulate Uplink™***

Appulate Uplink™ is a printer driver that will enable you to upload data without rekeying it! Once you are logged into Appulate, go to Tools at the top of your screen and select Appulate Uplink™. Click the Download Uplink Driver button. Once installed successfully, Appulate Uplink™ will appear as an available printer option.

*Note to Outlook email users: Please close Outlook prior to downloading.

3 **Make sure HSB is a Selected Market**

Once you are logged into Appulate, go to the Markets tab and choose Selected. There you will see all of the markets that you or someone from your agency has chosen to work with in Appulate.

If HSB does not appear, add us!
Go to Markets and Available, and search for HSB. In the row where you see "HSB," click the plus icon in the far-right "Select" column to add HSB to your Selected Markets.
