✓ **Self-service**

A self-service portal designed with our customers' needs in mind

✓ **Personalized**

Simple, fast, and easy, and personalized for you

✓ **Safe and secure**

GDPR and NY State DFS compliant

HSB Front Door Customer Portal
complimentary applications

Inspection Records

View your inspection reports and over time, assess trend information along with other valuable analytics. Inspection reports will provide you with easy to read, standardized, consistent records that you can access 24/7.

Technical Resources

Browse our proprietary Codes & Standards databases, including ASME Code Synopses, Code Interpretations, International Import Requirements, and Technical Bulletins. This comprehensive library enables us to answer technical questions using the most wide-ranging and up-to-date knowledge available. You can also directly contact one of our engineering staff with inquiries through the Ask Codes & Standards link.

Training Center

Technical training – view schedule and details of HSB Technical Training instructed by our Codes & Standards group and experienced field staff.

Informational webinars – access prerecorded marketing webinars showcasing high-level details of the services HSB provides to our clients.

Publications

A menu of HSB proprietary publications to browse at your convenience, including:

- Pressure Points Newsletter
- Announcements
- Case Studies
- White Papers
- Quick Reference Guides
- Technical Data Handbook
