

To the Policyholder

The Boiler Inspection and Insurance Company of Canada (BI&I)

Jurisdictional Inspection Requirement Form for Boilers and Pressure Vessels

The Technical Standards and Safety Authority (T.S.S.A.) will be introducing new regulations for boilers and pressure vessels, July 1, 2018.

- Ontario law requires routine jurisdictional inspections of boilers and pressure vessels to ensure they're in safe working order.
- If your policy includes equipment breakdown coverage for boilers and pressure vessels, we will continue to complete the required inspections and file a **Record of Inspection** with T.S.S.A. on your behalf for no additional charge.
- **Effective July 1, 2018**, you will be required to obtain the **Certificate of Inspection** from T.S.S.A. for a fee. For more information, visit [TSSA's website](#).

Purpose of this form

To help ensure all applicable equipment receives jurisdictional inspections, please complete the information on the following pages if you have any of the listed equipment on your premises and you are:

- A new client, or
- An existing client & have not advised us previously of any of the items below, or
- An existing client with changes to your premises that involve any of the items below.

Once completed, please return this form:

-  **By fax to** (416) 362-6601
-  **Scanned and emailed to** safety@biico.com
-  **Submit form electronically** as shown on page 3

What happens after I have completed and sent in this form?

You will be contacted by The Boiler Inspection and Insurance Company of Canada (BI&I) to arrange an inspection if your equipment requires it.

If you need assistance in the meantime, please contact your insurance broker.

Thank you,

The Boiler Inspection and Insurance Company of Canada (BI&I)
