## HSB Machinery and Technology Combined

Thank you for buying this combined Machinery and Technology Insurance policy and Inspection Services contract from us. We are pleased that you have chosen us, and we will work hard to make sure that you are happy with the cover and services you receive.

This document is made of two separate parts:

- the Machinery and Technology insurance; and
- the **inspection services** contract;

each of these parts should be considered individually.

Throughout this document:

- for the purposes of the insurance contract, ‘we’ means HSB Engineering Insurance Limited (HSBEIL); and
- for the purposes of the **inspection services** contract, ‘we’ means HSB Engineering Insurance Services Limited (HSBEISL).

If you need any further help or have any questions, please contact the person who arranged this contract for you, or contact us. You can find the contact details for our local office on our website at [www.hsbeil.com](http://www.hsbeil.com).

## Part A - Machinery and Technology insurance

### Your insurance contract with us

The policy is a legal contract between:

- you, the person or organisation shown in the schedule as 'The insured'; and
- us (HSB Engineering Insurance Limited (HSBEIL)).

The policy is made up of this document, the schedule setting out details of your cover, and any endorsements shown in the schedule. These make up the entire insurance contract between you and us and must be read together. Please keep them all safely together.

We used the information you gave us on your proposal, and any further information we received, to decide whether to insure you. If any of that information was not accurate or was incomplete, this could affect your cover (see 'Your responsibility to provide us with a fair presentation of the risk' under 'Important information').

If you pay the premium shown in the schedule, and keep to the terms and conditions of the policy, you will be covered under the insurance sections of this document shown in the schedule for the **period of insurance**.

This policy has been issued by HSB Engineering Insurance Limited

# Important information

## Headings and interpretation

Throughout this insurance policy:

- words or phrases which appear in bold have the meanings shown in the 'Insurance definitions' section;
- headings are only to help you find the information you need, they do not form part of the policy wording;
- words which appear in the singular include the plural and vice versa;
- words which appear in the present tense include the past tense and vice versa; and
- any words after the terms 'including', 'include', 'in particular', 'for example' or any similar expressions are examples and will not limit the meaning of the words.

## Your policy

This document, together with the schedule and any endorsements shown in the schedule, contains the information you need to know about your insurance. This document contains important information such as the terms and conditions of your insurance and how to contact us. The schedule and endorsements show:

- the **sum insured** or limit of cover; and
- the premium.

Please keep the schedule with this document. We will send you a new schedule whenever there is a change to your insurance. We will also send you renewal documents each year before the renewal date shown, so you can check that the cover still meets your needs.

Your policy provides cover against specified events. Read this policy carefully to make sure that it meets your needs and you understand what is and is not covered. If there is anything you need to change or do not understand, contact the person who arranged this insurance for you, or you can contact us. You can find the contact details for your local HSBEIL office on our website at [www.hsbeil.com](http://www.hsbeil.com).

## Your responsibility to provide us with a fair presentation of the risk

You, or anyone acting for you, must make a fair presentation of your risk to us, not only when you first buy your policy, but also at each renewal and/or if you ask us to make any mid-term change to the policy during the **period of insurance**.

This means that the information you give us in your proposal is complete and accurate so has not been misrepresented in any way, and that you have made a fair presentation of the risk to be insured by disclosing every material fact and circumstance which you know or ought to know. A fact or circumstance is material if it would influence the judgment of the underwriter when considering whether to accept the risk and on what terms, conditions and premium. If you are in any way unsure whether or not a fact or circumstance is material to disclose, please consult the person who arranged this insurance for you or contact us.

If you fail to make a fair presentation and if:

- your failure is deliberate or reckless, we will treat your policy as if it never existed, refuse all claims and keep any premium you have paid. If your failure occurs during a change to your policy we will terminate your policy from the date of that change, refuse subsequent claims and keep any premium you have paid.
- your failure is not deliberate or reckless and we would not have issued your policy had you made a fair presentation, we will treat your policy as if it never existed and return any premium you have paid. If your failure occurs during a change to your policy we will treat your policy as though the change was not made and return any extra premium you paid.
- your failure is not deliberate or reckless and we would have issued or changed your policy on different terms had you made a fair presentation, we will;
  - alter the terms of your policy to those we would have imposed (other than those relating to premium); and/or
  - reduce the amount paid or payable on any claim in proportion to the amount of any additional premium that we would have charged.

As set out in general condition 2 – 'Alteration in risk', you, or anyone acting for you, must tell us about any change in circumstance which happens either before or during the **period of insurance** which may affect your cover (for example, something that increases the risk or something we asked you about when we accepted your proposal).

## Your rights to cancel your policy

### Cooling-off period

You have 14 days to make sure that you are happy with the cover provided. You can cancel the policy by telling the person who arranged this insurance for you or by telling us in writing and returning the schedule. This 14-day period, known as the 'cooling-off period', starts on:

- the day you receive your policy; or
- the date the **period of insurance** starts;

whichever is later.

If you do cancel the policy within the cooling-off period, as long as you have not made a claim, we will refund all the premium you have paid. If you have made a claim, you will not get a refund.

## Important information

### After the cooling-off period

You can cancel your policy at any time during the **period of insurance** by telling the person who arranged this insurance for you, or by telling us in writing, and returning the schedule. If you have made a claim, you will not get a refund. If you have not made a claim, when we receive your notice and schedule, we will cancel the policy and send you a refund. That refund will be a percentage of the year's premium, based on the number of days left in the **period of insurance**. If the amount of premium you have actually paid does not cover the period you have been insured for, you must pay us the difference.

### Our rights to cancel your policy

We may cancel your policy if you do not keep to:

- general condition 3 – 'Caring for your insured property';
- general condition 9 – 'Paying the premium'; or
- general condition 10 – 'Right to survey and request risk improvements'

If we cancel your policy because you have not kept to the general conditions listed above, we will send at least 14 days' written notice to the last known address we have for you. If you have not made a claim and no incident has occurred which is likely to give rise to a claim, we will refund a percentage of the premium based on the number of days left in the **period of insurance**. If you have made a claim you will not receive a refund and you must pay us any amount you still owe for the period during which you have been insured.

### Other important terms that may affect your cover

You must meet the requirements contained in any **condition precedent** set out in the policy. If you do not keep to these requirements you will not be able to bring a claim under the policy and we will not become legally responsible to pay that claim.

## What we will pay for

### 1. Damage to insured property

We will pay you for **damage to insured property**, during the **period of insurance**, while it is:

- at a **location**; or
- temporarily removed from a **location** and being operated under your control anywhere within the **territorial limits**.

We will also pay for **damage** to the **insured property**:

- during **transit**; or

as long as the **insured property** remains under your control and it is being removed for the purpose of repair, replacement, restoration, service or modification anywhere within the **territorial limits** or member states of the European Union. This includes **damage** caused by the perils listed in general exclusion 6 - 'Excluded perils'.

### 2. European Union and local authorities legislation

- the cost of keeping to any notice issued before the **damage** happened.

### 3. Non-compatible parts

We will also pay the reasonable cost of replacing undamaged parts of the **insured property** if they are not compatible with the replacement parts used to repair **damage** to the **insured property**.

## How much we will pay

### Partial loss

For **damage** to conveyor belts and heat-resistant materials which form a component part of the **insured property** and have a limited working life, we will pay up to the **market value** of the part at the time of the **damage**.

If we replace undamaged parts with new compatible parts, we will not pay more than it would have cost to replace the undamaged parts if it was only those undamaged parts that had suffered **damage**.

### Total loss

If the **insured property** is **damaged** beyond economical repair (that is, if the cost of repairs is higher than the cost of replacing the **insured property**) we will pay the reasonable cost of a new replacement that is equal in specification and performance to, but not better than, the **damaged insured property**.

If at the time of **damage**, items which are the same as the **insured property** are no longer produced by the manufacturer, we will pay the reasonable cost of replacing the **insured property** with its nearest equivalent.

### Maximum we will pay

For all **damage** arising from each **occurrence** we will pay up to the **sum insured**, regardless of the number of people or organisations insured by the policy.

In respect of the replacement of undamaged non-compatible parts the most we will pay will be GBP 50,000 and this is a sub-limit within the **sum insured** shown in the schedule.

Any 'Extra cover limits' will be on top of the **sum insured** shown against section 1 in the schedule.

### 8. Loss prevention measures

We will pay the reasonable cost of preventing or minimising actual or expected **damage to insured property** covered by the policy, as long as:

- **damage** would be expected if the measures were not taken;
- we are satisfied that the **damage** has been prevented or minimised by these measures;
- the cost is limited to the cost of **damage** which would have been caused; and
- the expected **damage** arises from a cause that could not be foreseen.

We will only pay this cost if the expected **damage** does not arise from any **defect** in the **insured property** (see general condition 6 - 'Discovering a defect').

The full terms and conditions of the policy apply as if **damage** had arisen. The most we will pay for each **occurrence** will be GBP 50,000.

- if that **damage** is caused by leakage or lack of steam following an **explosion**.

However, under this extra cover we will not pay for **damage**:

- give us details of any other insurances you may have which may cover **damage to insured property** or other loss insured by this policy.

In addition, for any incident or circumstance that may result in a claim it is a **condition precedent** that you must:

- immediately send us every letter, writ, summons or other document you receive in connection with the claim;
- co-operate with us fully and provide in a timely manner all the information and assistance we may require to investigate your claim; and
- not admit responsibility or liability, or agree to pay any money on our behalf without our written permission.

## 3. Fraudulent claims

If you (or anyone acting for you) make a claim that you know is in any way false or exaggerated, or if any fraudulent means or devices are used in support of a claim or if any **damage** is caused by the wilful act or you are knowingly involved in the fraudulent act of another person then we shall be entitled to:

- not pay the claim;
- recover from you any sums previously paid by us in respect of the claim;
- treat this policy as being terminated with effect from the date of the fraudulent act; and
- cancel any other policies you have with us.

If the policy is treated as having been terminated on grounds of fraud, we shall:

- be entitled to refuse all liability under the policy in respect of any losses occurring after the time of the fraudulent act; and
- not be liable to refund any premiums paid under the policy.

## 4. Enforcing your rights

We may, at our expense, take all necessary steps permitted by law to enforce your rights against any third party. We can do this before or after we pay a claim. You must not do anything before or after we pay your claim to affect our rights and you must give us any help and information we ask for.

You must take reasonable steps to make sure that you protect your rights to recover amounts from third parties.

## 5. Controlling a defence

We can, but do not have to, take control of investigating, settling or defending any claim made against you. If necessary, we will appoint an adjuster, solicitor or any other appropriate person to deal with the claim. We may appoint your solicitor, but only on a fee basis similar to that of our own solicitor, and only for work done with our written permission. We would take this action in your name. We will only defend claims if we think there is a reasonable chance of being successful, and after taking the costs of the defence into account.

## 6. Other insurance

If there is any other insurance policy covering your claim either wholly or in part we will not pay for **damage to insured property** or any other loss covered by this policy other than in respect of any excess beyond the amount which would have been covered under the other insurance policy had this policy not been taken out.

## 7. Salvage and recoveries

If you have made a claim and you later recover the **insured property**, or recover money from a third party, you must tell us immediately. If we have paid the claim, you must give the **insured property** or money to us.

If we have paid a claim and we then recover your **insured property**, or recover money from a third party, we will give you any proceeds over and above the amount we paid you in connection with the claim after the deduction of any administrative and legal costs incurred in pursuing the third party for a recovery.

Any amount due from you or us must be paid as soon as reasonably possible.

## General conditions

The following conditions apply to the whole policy. If you do not keep to any condition of the policy, and that condition is relevant to your claim, we may refuse to pay part or all of the claim.

### 1. Abandonment

You are not entitled to abandon the **insured property** whether or not we have taken possession of it.

### 2. Alteration in risk

Your cover under the policy shall not be invalidated by any act, omission or change in circumstance whereby the risk of **damage to insured property** has altered either without your knowledge or was beyond your reasonable control, provided that as soon as you (or anyone acting on your behalf) become aware of any such alteration, you shall give notice to us in writing immediately. If so, you may be required to pay additional premium and comply with any extra terms and conditions we apply to your policy as a result. This applies to any alteration in risk which arises, whether before or during the **period of insurance**, including before renewal of your policy.

### 3. Caring for your insured property

You must:

- keep to any law or regulation relevant to the **insured property**
- make sure that the **insured property** is maintained, inspected and tested as recommended by the manufacturer;
- keep records of all maintenance procedures and maintenance carried out, and make them available to us when we ask for them;
- take all reasonable steps and precautions to prevent or reduce **damage to insured property**; and
- not continue to use **insured property** after **damage**, unless we have given our written permission.

If you do not keep to this condition we may be entitled to decline your claim and/or cancel your policy. (see 'Our rights to cancel your policy' on page 6).

### 4. Contracts (Rights of Third Parties) Act 1999

Any person or company who is not named in the schedule has no right under the Contracts (Rights of Third Parties) Act 1999 (or any other law) to enforce any term of the policy.

### 5. Declarations and adjustment of premium

The premium paid for this insurance is provisional and has been calculated on estimates provided by you.

You must keep accurate records in relation to these estimates and make this information available to us at any reasonable time upon our request.

You must also, within reasonable time following the expiry of the **period of insurance**, supply us all relevant information to enable the correct premium to be calculated and the difference between this and the original premium to be charged or returned to you subject to any minimum retained premium shown in the schedule.

### 6. Discovering a defect

If you find out about a **defect** in your **insured property** which has not yet resulted in **damage** you must investigate it as soon as possible and, if necessary, correct the **defect** in all **insured property** at your own expense.

### 7. Maintenance contracts

Before the **period of insurance**, you must tell us if any maintenance contract on the **insured property** will end during the **period of insurance**. We may then change the terms of your policy.

### 8. More than one insured

If more than one insured is named in the schedule, the first named insured will receive all notices and agree any changes to the policy and will be treated as acting for all the named insureds. We will not remove any named insured without their permission.

For any claim, the total amount we will pay will not be more than the amount stated under 'How much we will pay' regardless of the number of people or organisations insured by the policy.

### 9. Paying the premium

You must pay the premium on or before the start of the **period of insurance** or on dates agreed by us.

If you do not pay a premium on time, we may cancel the policy (see 'Our rights to cancel your policy' on page 6).

## General conditions

### 10. Right to survey and request risk improvements

If we ask, you must provide us with access to the **location** at an agreed date and time to carry out a risk survey.

Following the survey or in the event that full co-operation is not provided to ensure that the surveyor is given full access to the **location** in order to undertake a risk survey we reserve the right to:

- cancel the policy (with immediate effect see 'Our rights to cancel your policy' on page 6);
- alter the premium; and/or
- alter the terms and conditions of the policy.

If the premium and/or terms and conditions are altered you will have 14 days to accept or reject the alterations. If you choose to reject the alterations or we cancel your policy we will refund a percentage of the premium based on the number of days left in the **period of insurance**.

If you have made a claim you will not get a refund and you must pay us any amount you still owe for the period you have been insured for.

In the event that risk improvement requirements are recommended by the surveyor, we will provide you with a detailed list of these risk improvements in writing and the timescales within which they must be completed. It is a **condition precedent** to our liability under the policy that you comply with all risk improvement requirements we request following any survey. If you do not complete these risk improvement requirements within the set timescales then all cover under the policy will be cancelled automatically and remain inoperative unless we otherwise agree in writing:

- to waive the risk improvement requirement and leave the premium, terms and conditions unaltered; or
- to an extension of the set timescales to have the risk improvement requirement completed.

All other terms and conditions of the policy continue unless otherwise agreed by us in writing.

### 11. Tax

Any claim we pay will not include value added tax (VAT), unless you cannot recover part or all of the VAT you have paid.

If the **fee** you have actually paid, less any cancellation charge due, does not cover the **inspection services** you have received, you must pay us the difference.

## Our rights to cancel your contract

You may be entitled to receive a refund. This will be calculated on the value of the **fee** for **inspection services** not yet provided at the date of cancellation. If the **fee** you have actually paid does not cover the **inspection services** you have received, you must pay us the difference.

- to account for any changes to the **plant** or to the frequency of the **inspection services**; or
- for anything beyond our reasonable control (for example a change in **statutory regulations** or legislation) that increases our cost in providing the **inspection services**.

If we change the **fee**, we will also make an extra charge, which you must pay, to cover our reasonable administration costs.

### Additional charges

As well as the adjustments to the **fee** set out above, we will charge you if:

- you receive your **report** electronically and you also then ask us to provide a hard copy **report**;
- you ask us to provide a **report** in a format that is not our standard format;
- you ask us to re-examine an item of **plant** on a more frequent basis than the contractual **inspection** frequency shown in the schedule;
- you ask us to return to carry out an **inspection** or **thorough examination** which was not completed because you had failed to prepare or make the **plant** available (at a date and time we agreed);
- you fail to prepare or make the **plant** available at the date and time agreed;
- you ask for services, on top of those forming part of the **inspection services**;
- you ask us to carry out training or a risk assessment specific to your premises or to your health, safety and welfare procedures;
- you ask for, or safety requirements dictate that, more than one **competent person** undertake an **inspection** or **thorough examination** on an individual item of **plant**;
- we are required to undertake training/familiarisation before accessing the **location**; or
- there is a delay which prevents us from commencing with the **inspection** or **thorough examination** and you then request that we make an additional visit to complete any outstanding **inspection services**.

### Taxes

You must also pay value added tax (VAT) on any **fee** and any additional charges and any other similar tax or duty charge made by any government or other authority ('duty') at the appropriate rate.

# General conditions

The following conditions apply to the whole **inspection services** contract.

## 1. After the contract ends

When the contract ends, the conditions relating to indemnity, waivers, limits of remedies and limits of legal responsibilities, including those in this section, will stay in full force.

## 2. Anti-bribery

Neither you nor we will be involved in offering, promising or giving any financial or other advantage to any person if this breaks any law against bribery or corruption (including the Bribery Act 2010). You and we must each have an anti-corruption and bribery policy and procedures, including adequate procedures under the Bribery Act 2010, to prevent corruption and bribery offences and enforce them if this applies.

## 3. Confidentiality

Neither you nor we will release to any other person (apart from what we say in 'How we use your information' and 'How you use our information' within the 'Contract terms and conditions' section) any technical, business, intellectual property or similar information relating to the business affairs of the other which are known as a result of this contract.

Neither you nor we will use the other's information for any purpose other than to carry out the responsibilities under this contract unless required to do so by law or regulation.

Nothing in this section will place an obligation of confidentiality on either you or us for information that was already in the public domain, that was rightfully in the possession of either us or you before the **contract period**.

The responsibilities under this section will come into effect at the start of the **contract period** and will continue for six years after the contract ends.

## 4. Contracts (Rights of Third-Parties) Act 1999

Any person or company who is not named in the schedule has no right under the Contracts (Rights of Third-Parties) Act 1999 (or any other law) to enforce any term of this contract.

## 5. Enforcing terms

If any term of this contract is found to be illegal or cannot be enforced, it will not affect any of the other terms of the contract.

## 6. Force Majeure

We will not be legally responsible for any delay, or the results of any delay, in carrying out the **inspection services** if the delay is due to any cause beyond our reasonable control. We will be entitled to a reasonable extension of time to carry out the **inspection services** under this contract.

## 7. Health & Safety at Work Act 1974

You must:

- provide us with a safe working environment at the **location** where the **plant** is situated and a safe way of getting access to carry out the **inspection services**.

We will:

- keep to your safe systems of work, as long as you tell us about the systems in writing before we carry out any **inspection services**; and
- refuse to carry out any **inspection services** if we believe there is a health, safety or welfare risk.

## 8. Our right to subcontract

We may appoint subcontractors to support the **inspection services** but we will still be responsible for any subcontracted work.

## 9. Previous contracts between you and us

This contract represents the entire agreement between you and us and replaces all previous agreements, whether spoken or written.

## 10. Sanctions, laws and regulations

We will not provide **inspection services** under this contract, or return any **fees**, if by doing so it would expose us to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, United Kingdom or United States of America.

## 11. The Transfer of Undertakings (Protection of Employment) Regulations (as amended)

We do not have to employ any of your employees or the employees of your previous service provider in connection with this **inspection services** contract. You must indemnify us against all damages, costs and expenses we may suffer as a result of any claim (including for dismissal) or demand of any nature by any employee against us.

## 12. Waiver of rights

If we or you fail to enforce any of the rights under this contract, it does not mean they cannot be enforced in the future.

## Your continuing responsibilities under this contract

You must allow us access to the **location** and **plant** specified in the schedule during **normal working hours** or as agreed in writing between us.

### 2. Control of the plant

You must keep full responsibility for the care, custody and control of the **plant** at all times and especially when we are providing the **inspection services**.

### 3. Information relating to your plant

When asked, you must give the **competent person** all information relating to the **plant** they may need to complete the **inspection services**. This includes any changes to the **plant** since the last **thorough examination** or **inspection**.

You must have the **plant** properly prepared, dismantled and reassembled as necessary so we can carry out the **inspection services**.
