The policy is a legal contract between:

- you, the person or organisation shown in the schedule as ‘The insured’; and
- us.

The policy is made up of this document, the schedule setting out details of your cover, and any endorsements shown in the schedule. These make up the entire contract between you and us and must be read together. Please keep them all safely together.

We used the information you gave us in your proposal, and any further information you have provided, as confirmed in our quotation and statement of fact document, to decide whether to insure you. If any of that information was not accurate or was incomplete, this could affect the validity of your policy, the scope of cover available, the terms applicable to your policy or the amount paid out on a claim under the policy (see ‘Your responsibility to provide us with correct information under ‘Important information’).

If you pay the total premium shown in the schedule, and keep to the terms and conditions of the policy, you will be covered under the sections of this document shown in the schedule for the **period of insurance**.

Please keep the schedule with this document. We will send you a new schedule whenever there is a change to your insurance.

Your responsibility to provide us with correct information

You, or anyone acting for you, must answer all the questions we may ask in respect of:

- your proposal of the risk to be insured; and/or
 - information you voluntarily provide;
- both honestly and with reasonable care.

You should therefore, take care to check that the responses provided in the statement of fact prior to its submission to us is complete, accurate and not misleading in any way.

You must do so not only when you first buy your policy, but also if you ask us to make a mid-term change to your policy during the **period of insurance**.

If you do not answer the questions detailed in the statement of fact correctly, or you provide incorrect or misleading information in support of your proposal, this may affect the

validity of your policy or the terms on which cover is provided as follows:

- Where there has been a misrepresentation by you prior to entering into the policy and the misrepresentation is deemed to be fraudulent, we will treat your policy as if it never existed, refuse all claims and keep any premium you have paid. If your misrepresentation occurs during a change to your policy we will terminate your policy from the date of that change, refuse subsequent claims and keep any premium you have paid.
- Where there has been a misrepresentation by you prior to entering into the policy and the misrepresentation is deemed to be negligent (but not fraudulent) we will treat your policy in the way we would have done had we been aware of the full facts as follows:
 - Where we would not have entered into the policy on any terms had you provided us with the correct information, we may treat your policy as if it never existed, refuse all claims and return any premium you have paid. If your misrepresentation occurs during a change to your policy we may cancel your policy from the date of that change, refuse subsequent claims and return any extra premium you have paid.
 - Where we would have issued or changed your policy on different terms (other than those relating to premium) had you provided us with the correct information, we may alter the terms of your policy to those we would have imposed (other than those relating to premium). If we would have charged a higher premium, we may reduce the amount paid or payable on any claim in proportion to the amount of any additional premium that we would have charged.
- Where there has been a misrepresentation by you and the misrepresentation is deemed to be innocent, we will not cancel your policy.

Your rights to cancel your policy

Definitions

Certificate of practical completion

The certificate or certificates confirming the substantial completion of the **installation** issued by your architect, engineer, contract administrator or other supervising officer under the building contract.

Condition precedent

An important legal term which sets out a step or action you must take. If you do not keep to or meet the requirements set out in a **condition precedent**, this will suspend our liability under the policy from the time of the breach until the time when the breach is remedied (if it is capable of being remedied). We will have no liability to you for any loss which occurs, or which is attributable to something happening, during the period when our liability is suspended (the 'period of suspension') and we will not be legally liable to pay a claim under the policy.

However, we will not rely on a breach of **condition precedent** to decline liability for a claim if you can prove that the failure to keep to the relevant term could not have increased the risk of the loss which actually occurred in the circumstances in which it occurred.

 - physical destruction; or
 - **impending damage**;
- resulting from a **defect**.

Defect

What we will pay for

1. Equipment damage

We will pay you for **damage to equipment**, during the **period of insurance**, while it is at the **installation** address.

We will pay you for physical damage caused to **equipment** during **transit** or whilst temporarily removed from any **installation** address as long as:

- the **equipment** is being removed for the purpose of repair, replacement or restoration;
- the **equipment** remains under your control; and
- the physical damage occurs whilst within the member states of the European Economic Area.

2. Loss prevention measures

We will pay for the cost of preventing or minimising actual or expected **damage to equipment** covered by the policy, as long as:

- **damage** would be expected if the measures were not taken;
- we are satisfied that the **damage** has been prevented or minimised by these measures; and
- the cost is limited to the cost of **damage** which would have been caused.

The full terms and conditions of the policy apply as if **damage** had arisen.

How much we will pay

Partial loss

If the **equipment** is partially **damaged**, we will pay the cost of repairing or restoring the **damaged** part to a condition similar to the condition it was in when new. We will not pay more than the amount we would have to pay for a total loss (see below).

In respect of **damage** to conveyor belts and refractory materials which form a component part of the **equipment** and have a limited working life, we will pay up to the **market value** of the part at the time of the **damage**.

We will also pay the cost of replacing undamaged parts of the **equipment** if they are not compatible with the replacement **damaged** parts used to repair **damage** to the **equipment**. However, we will not pay more to replace the undamaged parts with a new compatible part than the cost to replace the undamaged part had the undamaged part alone suffered **damage**.

Total loss

If the **equipment** is **damaged** beyond economical repair (that is, if the cost of repairs is higher than the cost of replacing the **equipment**) we will pay the cost of a new replacement that is equal in specification and performance to, but not better than, the **damaged equipment**.

If at the time of **damage**, items which are the same as the **equipment** are no longer produced by the manufacturer, we will pay the cost of replacing the **equipment** with its nearest equivalent.

Maximum we will pay

For all **damage** arising from each **occurrence** we will pay up to the **limit of liability** shown in the schedule, regardless of the number of persons or organisations insured by the policy. The **limit of liability** is subject to general condition 8 – ‘Inflationary uplift’

We will not pay more than the **policy limit** for each **occurrence**, regardless of the number of persons or organisations insured by this policy.

Any ‘Extra cover limits’ will be on top of the **limit of liability** shown against ‘Section 1’ in the schedule.

2. Energy efficiency improvements

3. European Union and local authorities’ legislation

If we accept a claim for **damage to equipment**, we will pay the reinstatement costs necessary to keep to any building law or regulation, or any requirement of the European Union, act of parliament or local authority, that applies to the **damaged equipment** or its replacement.

We will not pay for:

- any cost relating to undamaged property or any undamaged **equipment**;

If we accept a claim for **damage to equipment**, we will pay for the cost of hiring substitute equipment of a similar type and capacity during the repair of the **damaged equipment**, or until the **damaged equipment** is permanently replaced.

How much we will pay

We will pay your **financial loss** during the **indemnity period** as a result of **damage**.

When we are working out the amount to pay, we will take into account the circumstances that would have affected **income** at the **installation** address had the **damage** not happened.

If you are a **new business**, we will pay the difference between your **income** during the **indemnity period** and during the period immediately before the loss, less any savings resulting from reduced costs.

Maximum we will pay

For all **financial loss** arising from each **occurrence** we will pay up to the **limit of liability** shown in the schedule, regardless of the number of persons or organisations insured by the policy. The **limit of liability** is subject to general condition 8 - 'Inflationary uplift'.

1. Reporting a claim

It is a **condition precedent** of your policy that as soon as you know about any incident or circumstance that may result in a claim you must tell the person who arranged the policy (or us), providing full details, as soon after the incident or circumstance as possible. In the event that we suffer any prejudice by any delay in notification, we will be entitled to refuse liability for the claim.

2. Claims co-operation

It is a **condition precedent** of your policy that as soon as you know about any incident or circumstance that may give rise to a claim you must also:

- take all reasonable steps and precautions to prevent further **damage to equipment, financial loss** or other loss covered by your policy;
- keep any **damaged equipment** and other evidence and allow us to inspect it; and
- give us details of any other insurances you may have which may cover **damage to equipment, financial loss** or other loss insured by this policy.

In addition, for any incident or circumstance that may give rise to a claim it is a **condition precedent** that you must:

- immediately send us every letter, writ, summons or other document you receive in connection with the claim;
- co-operate with us fully and provide in a timely manner all the information and assistance we may require to investigate your claim; and
- not admit responsibility or liability, or agree to pay any money on our behalf without our written permission.

3. Fraudulent claims

If you make a claim that you know is in any way false or exaggerated, or if any claim contains information that is false or misleading in any material respect, or if any **damage** is caused by a wilful act by you or you are knowingly involved, or knowingly abetted or colluded in the fraudulent act of another person, or consented to the fraudulent act of another person, then we shall be entitled to:

- not pay the claim;
- recover from you any sums previously paid by us in respect of the claim;
- treat this policy as being terminated with effect from the date of the fraudulent act; and
- cancel any other policies you have with us.

We may also report the matter to An Garda Síochána and notify any other relevant organisations of the circumstances.

If the policy is treated as having been terminated on grounds of fraud, we shall:

- be entitled to refuse all liability under the policy in respect of any losses occurring after the time of the fraudulent act; and
- not be liable to refund any premiums paid under the policy.

However these remedies will not be available against any other party insured under the policy that was not implicated in the fraudulent act.

4. Enforcing your rights

We may, at our expense, take all necessary steps permitted by law to enforce your rights against any third party. We can do this before or after we pay a claim. You must not do anything before or after we pay your claim to affect our rights and you must give us any help and information we ask for.

You must take reasonable steps to make sure that you protect your rights to recover amounts from third parties.

5. Other insurance

If there is any other insurance covering your claim either wholly or in part we will not pay for **damage to equipment** or legal liability other than in respect of any excess beyond the amount which would have been covered under the other insurance policy had this policy not been taken out.

6. Salvage and recoveries

If you have made a claim and you later recover the **equipment**, or recover money from a third party, you must tell us immediately. If we have paid the claim, you must give the **equipment** or money to us.

If we have paid a claim and we then recover your **equipment**, or recover money from a third party, we will give you any proceeds over and above the amount we paid you in connection with the claim after the deduction of any administrative and legal costs incurred in pursuing the third party for a recovery.

Any amount due from you or us must be paid as soon as reasonably possible.

General conditions

The following conditions apply to the whole policy. If you do not keep to any condition of the policy, and that condition is relevant to your claim, we may refuse to pay part or all of the claim.

1. Abandonment

You are not entitled to abandon the **equipment**, whether or not we have taken possession of it.

2. Advice

We do not provide advice about the insurance products that we sell.

3. Alteration in risk

As soon as you (or anyone acting for you) become aware of any change in circumstance which may affect the policy, you must notify us of the change in writing immediately. We will decide if the change alters the nature of the risk insured and if we need to change the terms and conditions of your policy, including the premium, as a result. This applies to any material change in the subject matter of the policy which arises, whether it is before or during the **period of insurance**.

If you do not inform us of a change in circumstance which alters the risk, this may result in a claim being declined or a reduction in any claim settlement.

Your cover will not be affected by any change in circumstance where the risk of damage has altered either without your knowledge or was beyond your reasonable control.

4. Assignment

You will be entitled to assign this policy to any party acquiring insurable interest in the **equipment** by providing us with written notification of the assignment.

5. Average

If the **total insured value** is less than the actual value of the **equipment** at the time of any **damage** then you will bear the cost of the appropriate proportion of the **damage** insured under section 1 of the policy.

If the **estimated gross income** is less than the actual annual **income** received at the time of any **damage** then you will bear the cost of the appropriate proportion of the **financial loss** insured under section 2 of the policy.

6. Caring for the insured equipment

You must:

- keep to any law, legislation or regulation relevant to the **equipment**;
 - make sure that the **equipment** is maintained, inspected and tested as recommended by the manufacturer;
 - keep a record of all maintenance procedures and maintenance carried out, and make them available to us when requested;
 - take all reasonable steps and precautions to prevent or reduce **damage to equipment** and **financial loss**; and
 - not continue to use **equipment** after **damage**, unless we have given our written permission.
- If you do not keep to this condition we may be entitled to decline your claim and/or cancel your policy. (see 'Our rights to cancel your policy' on page 5).

7. Contracts (Rights of Third Parties)

Any person or company who is not named in the schedule has no right to enforce any term of the policy, unless under section 21 of the Consumer Insurance Contracts Act 2019 and/or unless allowed by the law applying to this policy.

8. Inflationary uplift

The **estimated gross income**, **excess**, **limit of liability**, and **total insured value** will be subject to an increase in line with the **inflationary index** at each anniversary of the start of the **period of insurance**. If at any time during the **period of insurance** the schedule is restated then the **estimated gross income**, **excess**, **limit of liability**, and **total insured value** will be recalculated from the anniversary of the reinstatement.

9. Monies payable by us

All monies which become payable under this policy shall, in accordance with Section 93 of the Insurance Act 1936 and Regulation 310 of the European Union (Insurance and Reinsurance) Regulations 2015, be payable and paid in Ireland.

10. More than one insured

If more than one insured is named in the schedule, the first named insured will receive all notices and agree any changes to the policy and will be treated as acting for all the named insureds. We will not remove any named insured without their permission.

For any claim, the total amount we will pay will not be more than the **limit of liability** (which is subject to general condition 8 - 'Inflationary uplift') plus any extra cover limits, regardless of the number of people or organisations insured by the policy.

11. Paying the premium

It is a **condition precedent** that you must pay the total premium on or before the start of the **period of insurance** or on dates agreed by us.

If you do not pay a premium on time, we may cancel the policy (see 'Our rights to cancel your policy' on page 5).

12. Remuneration

Our employees do not receive remuneration in relation to this policy.

General conditions

13. Stamp duty

Stamp duty has been or will be paid to the Revenue Commissioners in accordance with Section 5 of the Stamp Duties Consolidation Act 1999.

14. Tax

Any claim we pay will not include value added tax (VAT), unless you cannot recover part or all of the VAT you have paid.

15. Technical audit

It is a **condition precedent** of your policy that any requirements for alterations or risk improvements resulting from the technical audit carried out by HSB Engineering Insurance Services Limited or any other auditor agreed by us must be fully complied with unless we agree otherwise in writing.

General exclusions

The following exclusions apply to the whole of your policy.

We will not pay for any claim caused by or resulting from the following.

1. Infectious agents and pandemics

Any loss, **damage**, cost or expense caused by, either directly or indirectly, in connection with, or any action taken to hinder, defend against or respond to any **infectious agent, pandemic** or **pandemic impact** or the fear or threat (whether actual or perceived) of any **infectious agent, pandemic** or **pandemic impact**.

This exclusion applies regardless of any other cause or event that in anyway contributes concurrently or in any sequence to the loss, cost or expense, and regardless whether or not there is any declaration of an outbreak of a **pandemic** by the World Health Organisation or any authorised national or international body or legal jurisdiction.

2. Intentional acts

Any intentional act or failure by you, unless this is a measure to prevent or reduce injury, **damage** to the **equipment** or **financial loss**.

3. Pollution

Contamination of air, water, land or property, except as shown in extra cover 1 – 'Contamination' in section 1.

4. Property being confiscated

Your property being confiscated or **damaged** by, or under the order of, any government, public authority or local authority.

5. Sanction limitation

We will not make any payment under the policy if doing so would expose us to any sanction, prohibition or restriction under any United Nations resolutions, or the trade or economic sanctions, laws or regulations of the European Union, United Kingdom or United States of America.

6. War

War, invasion, hostilities (whether war is declared or not), civil war, rebellion, revolution or uprising.

This general exclusion does not apply to any **damage** to **equipment** or **financial loss** resulting from, or caused by, weapons of war which were not discovered before the start of the **period of insurance**, as long as there is no war in the country where the **equipment** is during the **period of insurance**.

7. Your insolvency or bankruptcy

Any loss, **damage**, liability, cost or expense of whatsoever nature directly or indirectly caused by, resulting from, arising out of or in connection with your insolvency or bankruptcy.
