

PED Series and PE(S)R Overview

HSB, a Munich Re company, is a technology-driven company built on a foundation of specialty insurance, engineering and technology, all working together to drive innovation in a modern world.

Course description: This training course provides a general introduction and refresher to the Pressure Equipment Directive (PED) requirements for pressure equipment being exported into the European market.

Additionally, an overview of the Pressure Equipment (Safety) Regulations 2016 (PE[S]R) as it applies to pressure equipment being supplied in or into the Great Britain market.

Who should attend?

- Anyone who is considering exporting their pressure equipment into the European Union marketplace
- New or experienced individuals who desire an improved understanding of the Pressure Equipment Directive (2014/68/EU) and the Pressure Equipment (Safety) Regulations 2016 (PE[S]R)
- Sales, Quality Control, and Engineering individuals involved with the design and fabrication of boilers, pressure vessels, piping systems, safety, and pressure accessories
