## What We Do

### Help When You Need It

Consult in real time with senior risk management attorneys to address difficult ethics and liability issues, including withdrawal, error communication, conflicts, fee disputes, and more.

### Consultations Protected by Privilege

Unlike most other risk management programs, you'll speak with your lawyer, not with your insurance company. Your conversations are protected by attorney-client privilege. Your insurance company will not know that you've sought advice.

### Ethics CLEs

Every lawyer needs ethics CLEs, and we deliver five hours for each insured lawyer. You'll be taught by the same lawyers that provide loss prevention advice and counselling.

### Practice Tools and Templates

Carefully curated and growing library of forms, checklists, links, articles, and other resources that will help protect you and your firm from ever-present and ever-increasing risk.

### Do-It-Yourself

Resources to educate yourself and your firm about basic risk management principles, including multiple forms so that you can assess your own policies and risk profile.

### State Resources

Links to every state's Rules of Professional Conduct, Ethics Opinions, and the state bar risk management assistance program, if there is one. Because a second opinion never hurts.
