

Turn technology into change

MR HealthTech Ltd, a Munich Re division, is one of the world's leading technology vendors to the Health Insurance industry. It provides state-of-the-art software platforms designed to support its customers end-to-end reliably and offer them solutions that help them address their business objectives while maximizing profitability potential. It currently operates in 19 countries, in 4 continents and supports 24 organizations.

Due to our increasing demand for designing and implementing best-of-breed software solutions, at our Athens Office, we are seeking specialists for the following position:

PL/SQL Developer

We are looking for a Software Engineer to be involved in the entire lifecycle of the development (design, creation, testing and documentation) of information systems from supplied specifications in accordance with agreed standards using Oracle technology.

REQUIRED SKILLS

- University level degree (or higher education institute) in Computer Science, Information Technology or relevant field of study.
- 2-5 years of experience in the development of Information Systems using various technologies.
- Very strong background/experience with SQL programming (Preferably Oracle SQL and PL/SQL).
- Knowledge of Oracle PL/SQL packages, procedures, design fundamentals, data modeling concepts.
- Experience with SQL tuning of application queries developed for large databases.
- Experience with report development software packages, such as Oracle OBIEE or Oracle BI Publisher.
- Good oral and written communication skills.
- Very good command of English language.

WE OFFER

- Competitive compensation
- Continuous training
- Enjoyable and stable working environment
- Leading-edge technology
