I. Agenda

1 **Submission of the adopted Company financial statements, the approved consolidated financial statements, the combined management report for Münchener Rückversicherungs-Gesellschaft Aktiengesellschaft in München and the Group, each for the 2022 financial year, as well as the report of the Supervisory Board and the explanatory report on the information pursuant to Sections 289a and 315a of the German Commercial Code (HGB)**

The documents for Münchener Rückversicherungs-Gesellschaft Aktiengesellschaft in München (hereinafter referred to as "Munich Reinsurance Company" or "the Company") and the Group (also "Munich Re" for the purposes of agenda item 6) for the 2022 financial year are available on the internet at www.munichre.com/agm under "Documents". They will also be accessible there during the Annual General Meeting.

The financial statements presented by the Board of Management have already been approved by the Supervisory Board; the financial statements have thus been adopted. The Supervisory Board has also already approved the Group financial statements prepared by the Board of Management. In accordance with statutory provisions, there will therefore be no resolution in respect of this agenda item.

2 **Resolution on the appropriation of the net retained profits from the 2022 financial year**

The Board of Management and the Supervisory Board propose that the net retained profits from the 2022 financial year of €1,595,694,758.80 be utilised as follows:

Payment of a dividend of €11.60 on each dividend-bearing, no-par value share	€1,595,694,758.80
---	-------------------

By the time of the Annual General Meeting, the number of dividend-bearing shares may have lessened. In this case, an amended proposal for the appropriation of the profit will be made to the Annual General Meeting, in which the dividend remains unchanged at €11.60 per dividend-bearing, no-par value share, while the total sum to be distributed will be accordingly smaller. The remaining amount will be carried forward to new account.

Pursuant to Section 58(4), sentence 2 of the German Stock Corporation Act (AktG), the right to the dividend becomes due on the third business day following the resolution of the Annual General Meeting. The dividends are thus scheduled to be paid out on 10 May 2023.

3 **Resolution to approve the actions of the Board of Management**

The Board of Management and the Supervisory Board propose that approval for the actions of the members of the Board of Management in the financial year 2022 be given for that period.

It is intended to have the Annual General Meeting resolve on the approval of the actions of the members of the Board of Management individually.

4 **Resolution to approve the actions of the Supervisory Board**

The Board of Management and the Supervisory Board propose that approval for the actions of the members of the Supervisory Board in the financial year 2022 be given for that period.

It is intended to have the Annual General Meeting resolve on the approval of the actions of the members of the Supervisory Board individually.

5 **Resolution on the election of the auditor and Group auditor, the auditor for the solvency balance sheets, and the auditor for the review of the condensed financial statements, the interim management report, and any additional mid-year financial information**

Based on the recommendation of the Audit Committee, the Supervisory Board proposes to appoint Ernst & Young GmbH Wirtschaftsprüfungsgesellschaft, Stuttgart

- as the auditor and Group auditor, as well as the auditor for the solvency balance sheets, for the 2023 financial year respectively, and
- as auditor for the review of the condensed financial statements and the interim management report for the first half-year of the 2023 financial year, and for any additional mid-year financial information for the 2023 financial year and the first quarter of the 2024 financial year.

The Audit Committee has stated that its recommendation is free of improper influence from third parties and that it was not subject to any clause restricting its choice within the meaning of Art. 16(6) of the EU Audit Regulation (Regulation (EU) No. 537/2014 of the European Parliament and of the Council of 16 April 2014 on specific requirements regarding statutory audit of public-interest entities and repealing Commission Decision 2005/909/EC).

6 Resolution on the approval of the remuneration report

The Board of Management and the Supervisory Board are to prepare a remuneration report annually under Section 162 AktG. The remuneration report is to be examined by the auditor as to whether the mandatory information under Section 162(1) and (2) AktG was provided. The audited remuneration report is to be submitted to the Annual General Meeting for approval, under Section 120a(4) AktG.

The Board of Management and the Supervisory Board propose to approve the remuneration report for the 2022 financial year, which was prepared and audited in accordance with Section 162 AktG.

The remuneration report can be found – along with the auditor’s report – in Section II (“Additional information about agenda item 6”) and is available at www.munichre.com/agm (under “Documents”).

7 Resolutions on amendments to the Articles of Association related to General Meetings

7.1 Authorisation to hold Virtual General Meetings

The legal framework for holding Virtual General Meetings in Germany has recently been fundamentally changed. Through the German Act Introducing Virtual General Meetings for Stock Corporations, and Amending Cooperatives, Insolvency and Restructuring Provisions dated 20 July 2022 (Federal Gazette I, p. 1166 ff.) regulations were included in the German Stock Corporation Act for the first time that allow for a Virtual General Meeting, i.e. a meeting without the physical presence of the shareholders and their proxies at the location of the General Meeting.

The Virtual General Meeting is closely modelled on the physical meeting. This applies in particular to the direct interaction with the company during the meeting, which is ensured mainly by the right to speak using video communication. According to the legislator’s assessment, the Virtual General Meeting is “a fully-fledged form of meeting and not a second-class meeting” compared to a physical meeting. The legislator ensures the equivalence of the virtual format “through explicit rules on and arrangements regarding shareholders’ rights” in the Stock Corporation Act (Sections 118a et seq. AktG). Shareholders’ rights at Virtual General Meetings are in some respects even more extensive than those at physical meetings. For example, the Stock Corporation Act grants shareholders the right to submit statements in advance at Virtual General Meetings only.

For Virtual General Meetings from 1 September 2023 a provision in the Articles of Association is required (Section 118a(1) sentence 1, (5) AktG in conjunction with Section 26n(1) of the Introductory Act to the German Stock Corporation Act (EGAktG)). The legislator has provided two options for the holding of Virtual General Meetings. On the one hand, it is possible for the Articles of Association to provide for the mandatory holding of Virtual General Meetings. On the other hand, the Articles of Association can authorise the Board of Management to hold a Virtual General Meeting. The resolution proposal of the Board of Management and the Supervisory Board deliberately does not provide for a binding commitment to the virtual format. This does not seem appropriate, especially before using the new virtual format for the first time. The proposal merely aims to authorise the Board of Management to hold Virtual General Meetings. This will expand the Company’s options,

also in situation when a physical General Meeting cannot be reliably planned due to special circumstances (e.g. a pandemic). Based on the authorisation, the Board of Management will, on a yearly basis, decide responsibly on the format of the next Annual General Meeting, in the best interests of the Company and considering the interests of the shareholders. In making this decision, the Board of Management will take various aspects into account – in addition to the ensuring of shareholder’s rights and opinions from the shareholder base –, such as the composition of the shareholder base, experience with the new virtual format, the market practice, the respective General Meeting’s agenda, legal and organisational aspects as well as sustainability considerations. If the Board of Management decides to hold a Virtual General Meeting, it will presumably be designed similarly to the Annual General Meeting on 5 May 2023, i.e. closely modelled on a physical meeting, with no questions submitted in advance.

Finally, the limited duration of the authorisation to hold Virtual General Meetings should be emphasised. While the German Stock Corporation Act allows an authorisation for a period of approximately five years, the proposed resolution provides for a considerably reduced duration of two years after the entry of the amendment to the Articles of Association in the commercial register. This allows shareholders to decide again on a suitable provision in the Articles of Association quite soon and in consideration of the practical experience with the Virtual General Meeting format.

The Board of Management and the Supervisory Board propose to adopt the following resolution:

The following new paragraph 2 shall be inserted after Article 7(1) of the Articles of Association:

“(2) The Board of Management may provide for holding the General Meeting without the shareholders or their proxies being physically present at the location of the General Meeting (Virtual General Meeting). The authorisation applies to General Meetings held during a period of two years after the entry of this provision of the Articles of Association in the commercial register.”

7.2 Allowing Supervisory Board members to attend General Meetings by means of video and audio transmission

As a rule, the members of the Supervisory Board attend General Meetings physically, on-site. However, according to Section 118(3) sentence 2 AktG, the Articles of Association may provide for certain cases in which the Supervisory Board members may attend by means of video and audio transmission.

It is proposed to make use of this option so that the members of the Supervisory Board would be able to attend General Meetings even in situations where their physical attendance at the venue of the General Meeting was impossible or would require significant effort. Attendance by means of video and audio transmission is also to be made possible in the case of Virtual General Meetings. These are to be held without the shareholders or their proxies being physically present and will be transmitted by video and audio. The requirement that the meeting chair be present at the venue of the General Meeting (Section 118a(2) sentence 3 AktG) will of course be complied with in such a case.

The Board of Management and the Supervisory Board propose to adopt the following resolution:

The following new paragraph 3 is to be inserted after the new Article 7(2) of the Articles of Association:

“(3) In consultation with the Chair of the Supervisory Board, the members of the Supervisory Board are allowed to attend General Meetings by means of video and audio transmission if their physical attendance at the venue of the General Meeting is impossible or would require significant effort, due to health or legal restrictions, stays abroad, or for other professional or important personal reasons, or if the General Meeting is held as a Virtual General Meeting.”

The current paragraph 2 is to become paragraph 4, and the current paragraph 3 to become paragraph 5.

7.3 Further amendments to the Articles of Association

The following amendments to the Articles of Association are of a purely editorial nature.

The Board of Management and the Supervisory Board propose to adopt the following resolution:

Article 8(2) sub-paragraph 2 sentence 2, and Article 8(3) of the Articles of Association are to be reworded as follows:

The word "invitation" is to be respectively replaced by "convocation".

Article 8(2) sub-paragraph 2 sentence 2 of the Articles of Association is thus to read as follows in future:

"They may determine an order of items on the agenda which differs from that given in the convocation to the Meeting."

Article 8(3) of the Articles of Association is thus to read as follows in future:

"If announced in the convocation to the General Meeting, the Chair of the General Meeting may permit video and audio transmission of the General Meeting in a form to be specified by them in greater detail."

The current Articles of Association are available on the Company's website at www.munichre.com/agm (under "Documents"). They will also be available at the Annual General Meeting.

8 Resolution to amend Article 3(4) sentence 2 of the Articles of Association to align with a new law

The Company has had registered shares since it was founded and is thus required to keep a shareholders' register. Article 3(4) sentence 2 of the Articles of Association governs entries under a person's own name in respect of shares belonging to a third party (also referred to as "shares held by nominees"). Section 67 AktG, which governs entries in the shareholders' register, has been amended by the Act on Modernising Partnership Law (MoPeG) dated 10 August 2021 (Federal Gazette I, p. 3436 ff.) regarding partnerships with legal capacity. The amendment will enter into force on 1 January 2024. Article 3(4) sentence 2 of the Articles of Association is to be reworded to take account of this amendment.

The Board of Management and the Supervisory Board propose to adopt the following resolution:

Article 3(4) sentence 2 of the Articles of Association is to be amended as follows:

Under a), the words "any one natural or juristic person without further requirements" are to be replaced by "any one natural or juristic person or partnership with legal capacity without further requirements".

Under b), the words "any one natural or juristic person" are to be replaced by "any one natural or juristic person or partnership with legal capacity". In addition, after the words "a person's" "or partnership's" will be added, and the words "pursuant to para. (3)" are to be replaced by "pursuant to paragraph (3)".

Article 3(4) sentence 2 of the Articles of Association is thus to read as follows in future:

"Entries under a person's or partnership's own name in respect of shares belonging to a third party shall be subject to the following conditions:

- a) There will be no further requirements in respect of entries of holdings by any one natural or juristic person or partnership with legal capacity up to 0.1% of the share capital as stated in the Articles of Association;

- b) for entries of holdings by any one natural or juristic person or partnership with legal capacity in excess of 0.1% of the share capital as stated in the Articles of Association, registration requires that, at the request of the Company, nominees make a clear commitment to disclose within a reasonable period any information demanded by the Company pursuant to paragraph (3) above in respect of persons or partnerships with legal capacity holding more than 0.1% of the share capital as stated in the Articles of Association.”

The Board of Management is instructed to submit the aforementioned amendments to the Articles of Association for entry in the commercial register in such a way that the amendments are entered only after 1 January 2024.

The current Articles of Association are available on the Company’s website at www.munichre.com/agm (under “Documents”). They will also be available at the Annual General Meeting.

The remuneration report offers an overview of the structure of the remuneration system for the Board of Management and Supervisory Board of Munich Reinsurance Company, and contains detailed information on the individual remuneration of current and former members of the Board of Management and Supervisory Board.

According to Section 162(1) sentence 1 AktG, the remuneration report is jointly prepared by the Board of Management and Supervisory Board.

Further details on the remuneration system for members of the Board of Management and Supervisory Board can be found on the Munich Re website:

- a) Remuneration: Board of Management**
 - aa) Remuneration System for the Board of Management**

The remuneration system for members of the Board of Management – without and with the company pension scheme – was approved by a majority of 86.25% at the Annual General Meeting on 28 April 2021.

With its strategically relevant performance indicators that can be influenced by the Board in its annual and multi-year bonuses, the Board remuneration system promotes achievement of the business strategy and the sustained, long-term appreciation in the Company’s value.

At the same time, in accordance with sound and effective risk management, members of the Board of Management are discouraged from taking excessive risks in an endeavour to achieve higher bonuses. The overall aim is to ensure that the remuneration system better aligns the interests of shareholders with those of the Board members.

No external remuneration advisers were involved in the design or implementation of the remuneration system for the Board of Management.

The remuneration system is to be reviewed next year and submitted to the Annual General Meeting for approval again in 2025. The comments made by shareholders and proxy advisers on the current system concern topics like performance thresholds for variable remuneration components and the number of metrics. This input has been acknowledged and will be comprehensively assessed during the next review of the remuneration system.

Remuneration components

Remuneration comprises fixed (non-performance-related) and variable (performance-related) components alike. Members who joined the Board of Management before 2021 and chose to remain in the remuneration system with the company pension scheme, will continue to receive pension contributions in keeping with the regulations of the scheme.

Structure of the remuneration system for members of the Board of Management					
Component ¹	Performance criteria	Target corridor	Evaluation		Payment (Form/timing)
Fixed remuneration	Basic remuneration	<ul style="list-style-type: none"> - Function - Responsibilities - Length of service on Board 	-	-	Cash remuneration, monthly

	Multi-year bonus (MYB) Term: 4 years	80% Total Shareholder Return (TSR) of Munich Re shares in comparison with a defined peer group (Peer group: Allianz, AXA, Generali, Hannover Re, SCOR, Swiss Re, Zurich Insurance Group)	Linear scaling 0–200% 0% = lowest TSR in peer group 200% = highest TSR in peer group	Performance of Munich Re shares in comparison with peer group	→ Loading/reduction of up to 10 pp based on ESG criteria → Loading/reduction of up to 10 pp based on success and performance criteria (including financial situation, performance and future prospects of the Company)
		20% ESG target(s) (environmental, social or governance-related targets)	Scaling 0–200% 100% = target	Achievement of multi-year target(s)	
No subsequent adjustment of target values/comparative parameters for annual and multi-year bonus					
Target overall remuneration (total remuneration for 100% evaluation of the variable remuneration components)					
The defined maximum remuneration for the Board of Management ("BoM") function groups Chair (€9.5m) and ordinary member (€7.0m) limits the overall remuneration (including irregular/event-related fringe benefits , e.g. removal costs, compensation for bonuses forfeited at previous employers) allocable to a financial year.					

¹ The weightings of the respective remuneration components can be found in the tables on target remuneration.

Further components
<p>Shareholding obligation (Share Ownership Guidelines)</p> <ul style="list-style-type: none"> – 100% of annual gross basic remuneration – During the period of service on the BoM – 5-year build-up phase or 2 years if service on the BoM commenced before 2019 – Obligation to provide proof
<p>Assessment of appropriateness of total remuneration</p> <ul style="list-style-type: none"> – In comparison with the market → benchmark, based on DAX40 companies – Within the Company → upper management and staff overall (also over time)
<p>Malus/Clawback</p> <p>→ Retention and compensation of variable remuneration possible</p>
<p>Remuneration for seats held on other boards</p> <p>→ In general to be paid over to Company</p>
<p>Severance payment cap</p> <p>→ Two years' remuneration, no more than remaining term of the Board member's contract if that term is shorter</p>
<p>In the event of post-contractual non-competition agreement</p> <p>→ Severance payments taken into account in compensation for the period of competitive restriction</p>

Both variable remuneration components relate to the future and, due to the stronger weighting of the multi-year bonus in comparison to the annual bonus, are primarily based on the share price. The basis for the full and pro-rata calculation of the variable remuneration is the respective first year. As such, the calculation is based on the period of active service in the first plan year (pro rata temporis).

In assessing overall performance for the annual and multi-year bonus, the Supervisory Board also has the possibility of evaluating the implementation of sustainability aspects ("ESG criteria") and performance not covered by the objectives, and of taking exceptional developments into account.

As a matter of principle, the Company does not pay guaranteed variable remuneration to members of the Board of Management. Sign-on/recruitment bonuses are paid only in exceptional cases, and on production of corresponding evidence, if a new member of the Board of Management forfeits a bonus payable by a previous employer. Compensation for forfeiting variable remuneration components payable by a previous employer is paid in several instalments and is tied to prerequisites for disbursement.

Additionally, appropriate payments customary in the market over and above the previously mentioned remuneration components may arise or be agreed in connection with the commencement or premature termination of service on the Board of Management and in the event of service at more than one place of work, like removal costs and payments in respect of bonuses forfeited at a previous employer.

In the event of temporary incapacity to work due to illness or for other reasons beyond the Board member's control, the remuneration is paid until the end of the employment contract.

The members of the Board of Management receive no shares, and no stock option plans or similar incentive schemes are in place for them.

Members of the Board of Management in the company pension scheme receive benefits in accordance with the following overview:

Employer-financed company pension scheme	
Implementation	Defined contribution pension commitment via insurance (members who joined the BoM before 2009 also have a benefits based vested pension and therefore a combination of entitlements)
Pension contribution	Annual contribution ranging from 16.25% to 25.5% of the target overall direct remuneration (= basic remuneration + variable remuneration on the basis of 100% overall evaluation) during the term of the employment contract; contributions paid to an external pension insurer
Retirement age	60 or 62, 67 at the latest
Types of benefit	<ul style="list-style-type: none"> - Occupational pension (lump-sum option) - Disability pension (80% of insured occupational pension) - Surviving dependants' pension (60% of insured pension for spouses and registered civil partners, 20/40% for single/double orphans)

Reduced occupational pension on early retirement (Board members who joined the Board of Management before 2017)	<p>If contract terminated by Company without good cause, the Board member is aged over 50 and has more than 10 years' service at the Company, and their appointment to the Board has been extended at least once</p> <p>Defined contribution plan: annuity based on the policy reserve or payment of the policy reserve as a lump sum at the date the pension benefit is claimed</p> <p>Combination of defined benefit plan and defined contribution plan: entitlement of between 30% and 60% of pensionable basic remuneration (= 25% of basic remuneration + variable remuneration for 100% overall evaluation), reduced by 2% for each year or part thereof short of the Board member's 65th birthday</p>

bb) 2022 Financial Year

In the reporting year, there were no deviations from the remuneration system for the Board of Management approved at the 2021 Annual General Meeting.

With the addition of a newly appointed Board member in 2022, compensation for forfeiting variable remuneration components payable by a previous employer, tied to certain prerequisites for disbursement, was agreed upon. Details are provided under "remuneration paid and owed in 2022 in accordance with Section 162 AktG".

(1) Target Overall Remuneration

In accordance with the remuneration system, at the end of 2021 the Supervisory Board fixed the target overall remuneration (= total remuneration assuming assessment of all variable remuneration components at 100%) for each individual Board member for the coming financial year (= reporting year 2022). Horizontal and vertical benchmarking were first performed to assess the consistency of the remuneration with the market and within the Company.

(a) Horizontal Benchmarking

Remuneration data for DAX40 companies derived from a study carried out annually is used to assess the market consistency of the total remuneration. In comparing remuneration, the Supervisory Board takes particular account of market capitalisation. For the horizontal benchmarking, a peer group drawn from the same region appears more appropriate than an international peer group, in which the remuneration amounts and market practices would obviously vary considerably.

(b) Vertical Benchmarking

To assess consistency within the Group, the Supervisory Board considers the relationship between the remuneration of the Board of Management and that of the Company's upper management and employees overall, including its development over time. Germany is used as a basis. "Upper management" means senior executive staff and "employees overall" encompasses senior executive staff and non-pay-scale and pay-scale employees.

In the course of the benchmarking, it became clear that the remuneration, which had last been adjusted on 1 January 2020, needed to be raised in light of the market conditions, consumer price index and the development of employee remuneration. Accordingly, effective 1 January 2022, the remuneration for members of the Board of Management who had been active throughout the reporting year, was increased by 4.3%.

The following tables (amounts and percentages rounded in certain cases) show the overall remuneration fixed by the Supervisory Board for 100%, 0% and 200% achievement of objectives (information provided on a voluntary basis):

¹ Benchmark defined by the Supervisory Board.

² Markus Rieß' remuneration also includes remuneration components and pension expenses for work at ERGO Group AG. The ERGO Group AG remuneration system does not provide for variable components. The remuneration development has been arranged so that Markus Rieß receives his target overall direct remuneration from both companies, with approximately two thirds coming from ERGO Group AG and one third from Munich Reinsurance Company.

The relation between fixed and variable remuneration components is balanced. This means that the fixed component represents a sufficiently high proportion of the total overall remuneration and enables the Company to apply a flexible bonus policy, including the possibility of paying no variable remuneration at all. There is consequently no incentive for members of the Board of Management to incur inappropriately high risks in order to achieve higher bonuses.

In defining the proportions of the target total remuneration represented by the variable remuneration components, the Supervisory Board ensures that the share of the long-term variable remuneration exceeds that of the short-term variable remuneration.

(c) Pay ratios

In the reporting year, the target overall remuneration of the Chair of the Board of Management was 41 (2021: 39) times the average target overall remuneration of all Company employees (excluding the Board of Management). The average target overall remuneration of all members of the Board of Management was 26 (2021: 24) times the average target overall remuneration of all employees (excluding the Board of Management). This increase is due in particular to the fact that many long-standing employees went into semi-retirement in 2022, while some new – and often younger – employees receive less remuneration.

(2) Assessment bases for variable remuneration

(a) Annual bonus

Munich Re's business strategy is geared to profitable growth and successful positioning among its competitors. As an established measure of results and a key figure for the capital markets, the IFRS consolidated result takes account of the significance of high and stable earnings power in the annual variable remuneration component. The IFRS consolidated result objective is based on the annual planning, which reflects the strategic ambition.

(b) Multi-year bonus

The multi-year bonus is based on the relative TSR development (80%) and one or more sustainability objectives (20%).

Based on its long-term strategic orientation and economic management of the Group, Munich Re aims to sustainably create value for its shareholders in the form of TSR. TSR takes into account dividend payments as well as share price performance. A multi-year component based on an increase in TSR in comparison with the peer group makes up the largest portion of variable remuneration for the Board of Management. From Munich Re's point of view, the relative TSR is well suited for aligning the interests of shareholders with those of the members of the Board of Management. The development of TSR over a period of several years reflects Munich Re's long-term performance in relative terms. Achieving above-average TSR development in comparison with the peer group is hardly feasible in the long term without consistently generating good results and creating value for the shareholders in the process. Outperforming the competitors is in the interest of shareholders – even in a weak market environment.

Munich Re has always pursued a forward-thinking, comprehensive and responsible business approach. By assuming a wide range of risks worldwide, Munich Re creates long-term value and is convinced that, with the aid of sustainable choices, this business concept will continue to be successful in the future.

Accordingly, “sustainability” is an integral component of Munich Re’s corporate strategy. In its Ambition 2025, Munich Re has formulated a comprehensive decarbonisation strategy and defined climate ambitions for its asset management, insurance and own operations. In addition, it has set target values for the share of women in management positions at all levels below the Board of Management. However, ESG aspects are also included in the Group-wide Code of Conduct, underwriting guidelines and other Company’s guidelines. The sustainability objectives of the members of the Board of Management are chiefly derived from Munich Re’s corporate strategy and focus on at least one of the dimensions environment, social or governance.

(c) Overall performance evaluation

As soon as the information on achievement of objectives is available, as part of the overall performance evaluation the Supervisory Board can take into consideration, for both the annual and the multi-year bonus, the performance of the individual members of the Board of Management and the Board of Management as a whole, along with Munich Re’s financial situation, performance and future prospects. This is done by increasing or reducing by up to 20 percentage points on the basis of bonus/malus factors defined by the Supervisory Board, which can also relate to periods prior to the assessment period under consideration.

For bonus plans launched up to and including 2020, the following assessment criteria will be used for the 20 percentage point loading/reduction as part of the assessment of overall performance:

Individual management performance	<ul style="list-style-type: none"> - Result of division/divisional unit, contribution to overall success - Personal performance (qualitative and/or quantitative) - ESG (environmental, social and governance) criteria - Employee satisfaction - Consideration of special market conditions and unexpected developments - Implementation of strategy, improvements in organisation and processes, innovation - Conduct (leadership, function as role model, adherence to guidelines/compliance requirements, cooperation with colleagues and the Supervisory Board)
Collective management performance	<ul style="list-style-type: none"> - Performance of the field of business (reinsurance and/or primary insurance) - ESG (environmental, social and governance) criteria - Employee satisfaction - Reaction to special market conditions and unexpected developments
Financial situation, performance and future prospects of the Company	<ul style="list-style-type: none"> - Financial situation of the Company - Short- and long-term profit prospects - Market environment (interest rates, situation in the industry as a whole, etc.)

Bonus plans concluded from 2021 are based on the following criteria for assessing overall performance:

Loading/reduction of up to 10 percentage points on the basis of ESG criteria

Loading/reduction of up to 10 percentage points on the basis of success and performance criteria

Factors that influence business development but are not reflected in the IFRS consolidated result, TSR or the specific sustainability objectives can also be taken into account.

(d) Targets/achievement of objectives for the annual and multi-year bonus

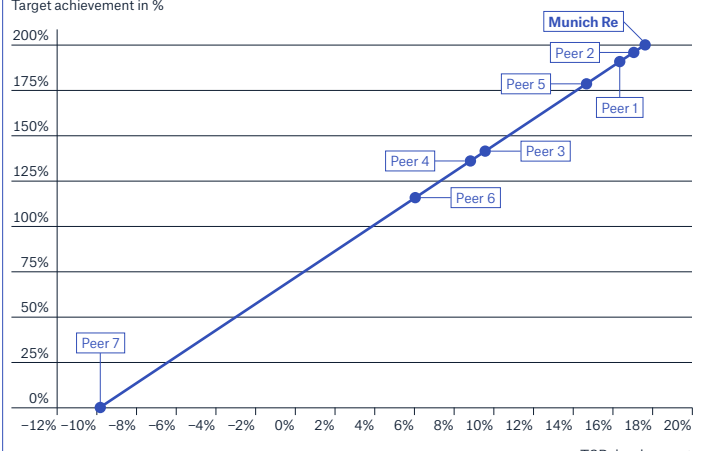

The following table shows the specific targets in the annual bonus plans for 2021, 2022 and 2023 and – to the extent the information is available – the achievement of objectives and final evaluations:

Annual bonus for Financial Year 2021 – to be paid in 2022

Annual bonus for Financial Year 2022 – to be paid in 2023 (information provided on a voluntary basis)	
Assessment basis and target values/scaling	IFRS consolidated result: €2,100m = 0% €3,300m = 100% €3,900m = 200%
Achievement of objective	IFRS consolidated result = €3,419m = 120%
Overall performance evaluation	Having carefully weighed all relevant aspects on the basis of the criteria defined, the Supervisory Board decided not to apply any loading or reduction to the achievement of objective.
Overall evaluation	120%
Annual bonus for Financial Year 2023 – to be paid in 2024 (information provided on a voluntary basis)	
Assessment basis and target values/scaling	IFRS consolidated result: €2,500m = 0% €4,000m = 100% €4,750m = 200% Calculated for the first time on the basis of IFRS 9/17 (previously: IFRS 4/IAS 39). The planned annual target is higher, which is particularly due to the new methodology and ongoing profitable growth.

(3) Remuneration paid and owed in 2022 in accordance with Section 162 AktG

The remuneration paid is recognised in the financial year in which the member of the Board of Management actually receives the funds.

Since no resolution had been reached by 31 December 2022 concerning the assessment for the bonus plans ending in the reporting year, there is no remuneration owed (that is, remuneration due but not yet paid out) to be recognised. Further, there is no remuneration owed as defined in Section 162(1) AktG to be recognised.

The following tables (amounts and percentages rounded in certain cases) show the remuneration for the serving members of the Board of Management in the reporting year:

- ¹ The fringe benefits/remuneration in kind cover – where applicable – the following costs: insurance (group accident insurance, voluntary accident insurance, travel insurance), costs for a company car (leasing fees, damage, fuel costs and insurance), travel expenses, pension fund contributions, removal costs, costs of maintaining dual households, travel costs for visits home within the scope of dual households, payroll tax on fringe benefits, and the one-off energy price assistance by Germany's federal government.
- ² The figures for the 2022 financial year concern the annual bonus for 2021; those for the 2021 financial year concern the annual bonus for 2020.
- ³ Due to the switch from a three-year to a four-year plan in 2018, no multi-year bonus was due for payment in 2021. The figures for the 2022 financial year concern the multi-year bonus for 2018–2021.
- ⁴ Nicholas Gartside was granted a conditional one-off payment in lieu of the employer-financed pension scheme for 2019 and 2020, which was paid out at the end of the first appointment period in March 2022. Since 2021, the pension contributions have been apportioned to the remuneration components.
- ⁵ As compensation for forfeiting variable remuneration components payable by a previous employer, remuneration payments, to be paid in January of 2024, 2025 and 2026 respectively, were agreed upon with Clarisse Kopff. The basis for these payments is total compensation of €3,690,000 (gross), to be paid in three instalments of €1,230,000 each. The individual payments made depend on the performance of Munich Re shares in the respective relevant time frame. In the event that the employment contract is terminated at the request of the member of the Board of Management before a given payment is due, or the contract is terminated by the Company for good cause pursuant to Section 626 of the German Civil Code (BGB), any unpaid payments are rendered null and void.
- ⁶ Markus Rieß' remuneration also includes remuneration components and pension expenses for work at ERGO Group AG. The ERGO Group AG remuneration system does not provide for variable components. The 2022 fringe benefits/remuneration in kind for ERGO Group AG include benefits from 2021 not previously disclosed.

- ¹ The fringe benefits/remuneration in kind include – where applicable – the following costs: insurance (group accident insurance, voluntary accident insurance, travel insurance), costs for a company car (leasing fees, damage, fuel costs and insurance), security costs, Christmas bonus, and payroll tax on fringe benefits.
- ² Due to the switch from a three-year to a four-year plan in 2018, no multi-year bonus was due for payment in 2021. The figures for the 2022 financial year concern the multi-year bonus for 2018–2021.
- ³ In the reporting year, the private component of the luggage insurance for 2020 was retroactively taxed, which also affected Hermann Pohlchristoph.

Two other Members of the Board of Management who left in the last ten years did not receive any remuneration as former Member of the Board of Management in the reporting year.

At the end of the reporting year, there were 13 former members of the Board of Management who had ended their duties more than ten years earlier. The total amount of remuneration paid to them in 2022 was €3,853,593.

(4) Projected bonus payments in 2023 (information provided on a voluntary basis)

In 2023, the annual bonus for 2022 and the multi-year bonus 2019–2022 will be paid out.

The following table shows the projected bonus payments for these plans. The information is presented in the interest of providing transparency for shareholders and shows the variable remuneration earned in the reporting year:

(5) Shareholding obligation (Share Ownership Guidelines)

All members of the Board of Management are required to hold shares in the Company to the value of their current annual gross basic remuneration for the duration of their membership on the Board of Management. For members who joined the Board of Management from 2019, a five-year build-up phase applies. For Members of the Board of Management who joined the Board before 2019, the build-up phase ended on 31 December 2022 with the obligation to provide evidence until 31 January 2023. Once the build-up phase ends, appropriate documentation of compliance with the shareholder obligation must be provided annually.

The following table (amounts and percentages rounded in certain cases) shows the share ownership for the members of the Board of Management as at 30 December 2022 (last day of trading in the reporting year):

Markus Rieß ¹	31.12.2022		1,695,000	7,800	304.00	2,371,200	140%

¹ With regard to the shareholder obligation, instead of his current annual gross basic remuneration, for Markus Rieß the relevant value is 50% of his current target overall direct remuneration (= basic remuneration + variable remuneration on the basis of 100% overall evaluation) from Munich Reinsurance Company and ERGO Group AG (gross).

The respective shares currently held by the members of the Board of Management can be found on the Munich Re website:

Shares held by the members of the Board of Management

(6) Retention (malus) and compensation (clawback) of variable remuneration

In the reporting year, the Supervisory Board did not exercise its option to retain or demand repayment of variable remuneration components.

(7) Benefits from third parties

In 2022, no members were promised or paid out benefits by third parties for their service on the Board of Management.

(8) Policy for agreed-upon benefits in the event of premature or regular termination

Premature termination refers to the contract of a member of the Board of Management being terminated before the end of the agreed-upon term. Regular termination refers to the contract of a member of the Board of Management being terminated at the end of the agreed-upon term (regardless of whether or not said member has reached retirement age).

On termination of a Board member's contract, the variable remuneration components still outstanding are evaluated and paid out on the basis of the objectives originally agreed on the normal date.

If the employment contract ends as a result of extraordinary termination by the Company for good cause, no payments are made to the member of the Board of Management. Contractually agreed payments due following a change of control will not be made.

Members of the Board of Management who joined the Board before 2017 have no contractual entitlement to severance payments. In the event of premature termination of the employment contract by the Company without good cause, any payments to be made may not in total exceed the equivalent of two years' overall remuneration and may not represent remuneration for more than the residual term of the employment contract, if the residual term is shorter. The calculation is based on the total remuneration for the past financial year and, if necessary, on the expected total remuneration for the current financial year.

Members of the Board of Management who have joined the Board since 2017 and future members of the Board of Management whose contracts are terminated prematurely by the Company without good cause have a contractual right to severance payments. Such payments may not exceed the equivalent of two years' remuneration, and are in all cases limited to the residual term of the Board member's contract, if the residual term is shorter. The annual remuneration is calculated on the basis of the fixed annual remuneration and variable remuneration actually paid out for the last full financial year before termination of the contract; irregular, event-related fringe benefits and remuneration in kind are not taken into account. Payments received by a Board member during the period of notice after termination of their appointment are offset against any severance payment. Any income from self-employment or employment earned by the member of the Board of Management during the period in respect of which they have received a severance payment is also offset against the severance payment.

As a matter of principle, the Company ensures that severance payments are related to performance over the Board member's whole period of service.

The Supervisory Board may conclude a post-contractual non-competition agreement with members of the Board of Management, with compensation for the period of restriction, in which case any severance payment is offset against the compensation.

The following table shows the agreed-upon benefits in the event of premature termination as at 31 December 2022:

¹ Nicholas Gartside, Stefan Golling, Achim Kassow and Clarisse Kopff do not participate in the employer-financed company pension scheme.

² Joachim Wenning will reach the age limit by the normal date for termination and therefore be entitled to an occupational pension.

³ Doris Höpke left the Board on 30 April 2022 with vested occupational pension benefits.

⁴ Torsten Jeworrek left the Board on 31 December 2022 with occupational pension benefits.

In addition, members of the Board of Management appointed before 2019 benefit from the Munich Re pension scheme, which is also a defined contribution plan.

In the course of the reporting year, no additional benefits in the event of premature or regular termination were agreed upon.

There were no benefits paid out to former members of the Board of Management whose term of service ended during the reporting year and who were therefore entitled to said benefits.

(9) Maximum remuneration

The respective 0–200% target corridor defines the upper limit for variable remuneration paid to members of the Board of Management. Any higher achievement of objectives is capped at 200%, so that there can also be no loading as a result of the overall performance evaluation. Similarly, there can be no reduction if achievement of objectives is 0%.

The maximum remuneration refers to the total remuneration for the financial year to which the total remuneration is attributable, irrespective of the financial year in which individual items of remuneration are actually paid to the member of the Board of Management.

The maximum remuneration for the Chair of the Board of Management is €9.5m, that for an ordinary member of the Board of Management €7m.

Definitive information on the extent to which the maximum remuneration limits for the 2022 reporting year were adhered to will only be available after the multi-year bonus 2022–2025 has been paid out in full (in 2026). The following tables (amounts rounded in certain cases) only show the remuneration currently allocable to the reporting years 2021 and 2022 and will be successively updated:

¹ As part of her joining the Board, Clarisse Kopff received compensation for removal costs.

² The maximum remuneration reflects the total remuneration that Markus Rieß receives from Munich Reinsurance Company and ERGO Group AG. The ERGO Group AG remuneration system does not provide for variable components.

b) Remuneration: Supervisory Board

aa) Remuneration System for the Supervisory Board

The remuneration for members of the Supervisory Board is laid down in Article 15 of the Articles of Association. The remuneration system for the Supervisory Board takes into account all relevant Company and supervisory law requirements, in particular those laid out in ARUG II and the German Corporate Governance Code (DCGK). The system is based on fixed remuneration and was approved by a majority of 98.48% at the Annual General Meeting on 28 April 2021.

(1) Remuneration principles

The remuneration for the members of the Supervisory Board is well-balanced overall, and commensurate with both the tasks and responsibilities borne by the members of the Supervisory Board and with the Company's financial situation; the remuneration rules of comparable DAX40 companies are also taken into account.

In accordance with a recommendation from the German Corporate Governance Code, the greater time commitment for the Chair and Deputy Chair of the Supervisory Board, as well as for the chairs and deputy chairs of the committees, is to be duly taken into account.

(2) Remuneration components

The remuneration for members of the Supervisory Board comprises fixed annual remuneration, additional remuneration for committee memberships, and an attendance fee. The system contains neither variable remuneration components nor a pension scheme.

The remuneration paid out in the reporting year is based on the Articles of Association approved at the Annual General Meeting on 25 April 2018:

Annual fixed remuneration		
Chair	Deputy Chair	Member
€220,000	€150,000	€100,000

Remuneration for committee memberships						
	Audit Committee	Standing Committee*	Personnel Committee	Remuneration Committee	Nomination Committee	Conference Committee
Chair	€110,000	€30,000	€60,000	€60,000	none	none
Member	€55,000	€15,000	€30,000	€30,000	none	none
For members of the Supervisory Board who are on both the Personnel Committee and the Remuneration Committee, their work on the Remuneration Committee is covered by their fee for the Personnel Committee.						

* Renamed "Praesidium and Sustainability Committee" in June 2022.

Attendance fee
Daily attendance fee of €1,000 for meetings of the Supervisory Board or its committees, with the exception of the Conference Committee.

The increased fixed remuneration, approved at the Annual General Meeting on 28 April 2021, took effect on 1 January 2022 and forms the basis for calculating remuneration paid out from 2023:

Annual fixed remuneration		
Chair	Deputy Chair	Member
€241,500	€157,500	€105,000

Remuneration for committee memberships						
	Audit Committee	Praesidium and Sustainability Committee	Personnel Committee	Remuneration Committee	Nomination Committee	Conference Committee
Chair	€126,000	€31,500	€63,000	€63,000	none	none
Member	€63,000	€15,750	€31,500	€31,500	none	none
For members of the Supervisory Board who are on both the Personnel Committee and the Remuneration Committee, their work on the Remuneration Committee is covered by their fee for the Personnel Committee.						

Attendance fee
Daily attendance fee of €1,000 for meetings of the Supervisory Board or its committees, with the exception of the Conference Committee.

In case of changes in the Supervisory Board and/or its committees, the remuneration is paid on a pro-rata basis, rounded up to the next full month.

In the reporting year, there were no deviations from the remuneration system for the Supervisory Board. The remuneration for members of the Supervisory Board is intended to promote the Company's long-term development. As the members receive fixed remuneration, in the performance of their duties (personnel matters and supervision of the Board of Management) they have no incentive to orient their actions on achieving short-term goals.

bb) 2022 Financial Year

Remuneration paid and owed in 2022 in accordance with Section 162 AktG

The remuneration paid is recognised in the financial year in which the Supervisory Board member actually receives the funds.

In the reporting year, the remuneration for the Supervisory Board members' duties in 2021 was paid out. The remuneration owed for the members' duties in 2022 was determined as at 31 December 2022 and is disclosed as expected remuneration to be paid out in 2023 below on a voluntary basis in the interest of transparency.

The following tables (amounts and percentages rounded in certain cases) show the overall remuneration paid by Munich Reinsurance Company and its subsidiaries to members of the Supervisory Board serving in the reporting year:

c) Comparison

The year-on-year change in paid/owed remuneration for current and former members of the Board of Management and Supervisory Board, the development of the Company's earnings, and the average remuneration for employees on a full-time equivalent basis are shown in comparison.

To determine the development of the Company's earnings, the basis used consisted of the profit according to its financial statements prepared in keeping with German GAAP accounting principles – as required by law – as well as two voluntary parameters – the IFRS consolidated result and TSR, which are used for calculating variable remuneration.

To determine the development of employee remuneration, the average remuneration for all active employees on a full-time equivalent basis at Munich Reinsurance Company Germany was used.

The Company interprets the letter of the law to mean that, with regard to the average employee remuneration, only the year-on-year changes for the past five financial years are to be reported, while with regard to the remuneration for members of the Board of Management and Supervisory Board, as well as the development of the Company's earnings, only the year-on-year change between the reporting year and previous year is to be reported. In accordance with the transitional arrangement, the average employee remuneration for the five-year period can be successively updated.

However, from the Company's perspective, examining all three parameters using a uniform time frame can be the only purpose of such comparisons. Accordingly, information on the changes in remuneration for members of the Board of Management and Supervisory Board, and on the development of the Company's earnings, is provided on a voluntary basis for a five-year period, while the overview will be successively updated to reflect the average employee remuneration.

In the following comparisons, the development of earnings refers to the respective financial years. In contrast, changes in the remuneration paid to/owed to members of the Board of Management, members of the Supervisory Board, and employees are presented on the basis of the remuneration actually received in the respective financial years – and not on the basis of the remuneration allocated to said financial years. With regard to the 2022 reporting year, this means the IFRS consolidated result for 2021 is reflected in the remuneration for 2022, while the IFRS consolidated result for 2022 will not be reflected until the remuneration for 2023.

The following tables show the comparisons:

d) Resolution of the Annual General Meeting in accordance with Section 120a(4) AktG

As the remuneration report for 2021 was approved by a majority of 86.65% at the 2022 Annual General Meeting, there were no grounds for changing the reporting.

In the context of our investor dialogue, in particular the report's transparency and clarity were praised.

e) Auditing for this Remuneration Report by an External Auditor

This remuneration report was subjected to a formal audit by an external auditor. A report on the audit of this remuneration report is attached.

Report of the independent auditor on the audit of the remuneration report pursuant to Sec. 162 (3) AktG

To Münchener Rückversicherungs-Gesellschaft Aktiengesellschaft in München

Opinion

We have audited the formal aspects of the remuneration report of Münchener Rückversicherungs-Gesellschaft Aktiengesellschaft in München, München, for the fiscal year from 1 January 2022 to 31 December 2022 to determine whether the disclosures required by Sec. 162 (1) and (2) AktG ["Aktiengesetz": German Stock Corporation Act] have been made therein. In accordance with Sec. 162 (3) AktG, we have not audited the content of the remuneration report.

In our opinion, the disclosures required by Sec. 162 (1) and (2) have been made in the accompanying remuneration report in all material respects. Our opinion does not cover the content of the remuneration report.

Basis for the opinion

We conducted our audit of the remuneration report in accordance with Sec. 162 (3) AktG and in compliance with the IDW Auditing Standard: Audit of the Remuneration Report in Accordance with Sec. 162 (3) AktG (IDW AuS 870). Our responsibilities under this provision and standard are further described in the “Responsibilities of the auditor” section of our report. As an audit firm, we applied the IDW Standard on Quality Management: Requirements for Quality Management in the Audit Firm (IDW QS 1). We complied with the professional obligations pursuant to the WPO [“Wirtschaftsprüferordnung”]: German Law Regulation the Profession of Wirtschaftsprüfer (German Public Auditor)] and the BS WP/vBP [“Berufssatzung für Wirtschaftsprüfer/vereidigte Buchprüfer”]: Professional Charter for German Public Accountants/German Sworn Auditors] including the requirements regarding independence.

Responsibilities of the management board and supervisory board

The management board and supervisory board are responsible for the preparation of the remuneration report and the related disclosures in compliance with the requirements of Sec. 162 AktG. In addition, they are responsible for such internal control as they determine is necessary to enable the preparation of a remuneration report and the related disclosures that are free from material misstatement, whether due to fraud or error.

Responsibilities of the auditor

Our objectives are to obtain reasonable assurance about whether the disclosures required by Sec. 162 (1) and (2) AktG are made in the remuneration report in all material respects and to express an opinion thereon in a report.

We planned and performed our audit so as to determine the formal completeness of the remuneration report by comparing the disclosures made in the remuneration report with the disclosures required by Sec. 162 (1) and (2) AktG. In accordance with Sec. 162 (3) AktG, we have not audited the accuracy of the disclosures, the completeness of the individual disclosures or the fair presentation of the remuneration report.

Consideration of misrepresentations

In connection with our audit, our responsibility is to read the remuneration report considering the knowledge obtained in the audit of the financial statements and, in doing so, remain alert for indications of whether the remuneration report contains misrepresentations in relation to the accuracy of the disclosures, the completeness of the individual disclosures or the fair presentation of the remuneration report.

If, based on the work we have performed, we conclude that there is a misrepresentation, we are required to report that fact. We have nothing to report in this regard.

III. Further details and information

The Board of Management has decided, with the Supervisory Board's approval, to hold the Annual General Meeting as a Virtual Annual General Meeting in accordance with Section 118a AktG in conjunction with Section 26n(1) EGAktG. Shareholders and their proxies (with the exception of the proxies appointed by the Company) may not physically attend on-site at the location of the Annual General Meeting.

1 Registration and other prerequisites to exercising shareholder rights

Under Article 6(2) of the Articles of Association, every shareholder who has registered **no later than midnight (CEST) on 28 April 2023**, and is entered in the shareholders' register for the submitted shares at midnight on 28 April 2023, may exercise their shareholders' rights in connection with the Annual General Meeting, particularly voting rights, either personally or by proxy.

One way to register is by using your access data in the shareholder portal at **www.munichre.com/register**.

Registration may also be made via the address

Münchener Rückversicherungs-Gesellschaft
c/o Computershare Operations Center
80249 München, Germany
Email: anmeldestelle@computershare.de

using the registration form. For more information, please consult the information on the registration form, on the internet under **www.munichre.com/agm** and in the shareholder portal at **www.munichre.com/register**.

Where the conditions of Section 67c AktG are fulfilled, the registration may also be submitted to the Company via intermediaries, at the latest by **midnight (CEST) on 28 April 2023**, at the address indicated above.

By law, shareholders who are entered into the shareholders' register only after the start of 14 April 2023 will not automatically receive a convocation notice, and therefore will not be sent access data to the shareholder portal either. However, you may request the convocation notice containing the access data to the shareholder portal, and the registration form, from the address indicated above.

Registrations received after 28 April 2023 – for whatever reason – unfortunately cannot be accepted for legal reasons. We therefore recommend that you register at **www.munichre.com/register** using your access data.

Shares are not blocked due to registration for the Annual General Meeting. Shareholders continue to be freely able to dispose of their shares even after they have successfully registered. Requests for changes to the shareholders' register received by the Company between 29 April 2023 and midnight on 5 May 2023 will only be entered in the Company's shareholders' register with effect from 5 May 2023. **The Technical Record Date is therefore 28 April 2023, at the end of the day.**

Insofar as shareholders are registered under their own name for shares which belong to a third party and exceed, at that deadline, the limit of 2% of the share capital as stated in the Articles of Association, the registration does not carry any voting rights under Article 3(5) of the Articles of Association.

If an intermediary is entered in the shareholders' register, the intermediary may exercise the voting rights for shares that they do not own only if they have an authorisation to do so from the shareholder concerned. The same applies to shareholders' associations, shareholder advisors and other persons to be treated as such pursuant to Section 135(8) AktG.

2 Voting at the Annual General Meeting

Shareholders and their proxies who have duly registered for the Annual General Meeting under the aforementioned process are entitled to exercise their voting rights relating to the Annual General Meeting per postal vote, particularly via electronic communication, and to authorise proxies appointed by the Company (Company proxies) or other proxies. The number of shares entered in the shareholders' register at midnight on 28 April 2023 determines the voting rights. Details about exercising voting rights can be found below.

a) Procedure for voting by postal vote

Shareholders are entitled to exercise their voting rights – either personally or by proxy – via electronic communication or in writing (postal vote). In every case, due registration for the Annual General Meeting is to be ensured (as described above under III.1).

Votes may be submitted up to the day before the Annual General Meeting, i.e. by **midnight (CEST) on 4 May 2023**, in the shareholder portal at **www.munichre.com/register** using the access data, or at the address indicated above under III.1. This address also applies to transmissions by intermediaries under the prerequisites of Section 67c AktG.

On the day of the Annual General Meeting, i.e. **5 May 2023**, postal votes may be submitted, and postal votes cast may be changed in the shareholder portal at **www.munichre.com/register** using the access data up to the deadline stipulated by the Chair of the Meeting as part of the voting process.

b) Procedure for voting by Company proxies

Shareholders are entitled to exercise their voting rights – either personally or by proxy – through Company proxies. In every case, due registration for the Annual General Meeting is to be ensured (as described above under III.1).

Powers of attorney and instructions to Company proxies may be submitted, changed or revoked up to the day before the Annual General Meeting, i.e. by **midnight (CEST) on 4 May 2023**, either electronically in the shareholder portal at **www.munichre.com/register** using the access data, or in text form at the address indicated above under III.1. This address also applies to transmissions by intermediaries under the prerequisites of Section 67c AktG.

On the day of the Annual General Meeting, i.e. on **5 May 2023**, up to the deadline stipulated by the Chair of the Meeting as part of the voting process, powers of attorney and instructions to Company proxies may be submitted, changed or revoked electronically in the shareholder portal at **www.munichre.com/register** using the access data, or in text form at the following email address: **anmeldestelle@computershare.de**. Up to this deadline, the email address applies also to transmissions by intermediaries under the prerequisites of Section 67c AktG.

The proxies may act solely in accordance with the instructions they receive. The proxies cannot accept any instructions other than how to exercise voting rights.

c) Procedure for voting by proxy

Shareholders are entitled to exercise their voting rights – either personally or by proxy – through a proxy, such as an intermediary, a shareholders' association, shareholder advisor, or other person. In every case, due registration for the Annual General Meeting must be ensured (as described above under III.1).

The granting and revocation of proxies, and proof of authorisation vis-à-vis the Company may be submitted to the Company up to the day before the Annual General Meeting, i.e. by **midnight (CEST) on 4 May 2023**, electronically in the shareholder portal at **www.munichre.com/register** using the access data, or in text form at the address indicated above under III.1. This address also applies to transmissions by intermediaries under the prerequisites of Section 67c AktG.

On the day of the Annual General Meeting, i.e. on **5 May 2023**, the granting and revocation of proxies, and proof of authorisation vis-à-vis the Company may be submitted electronically in the shareholder portal at **www.munichre.com/register** using the access data. Please note that proxies may only exercise voting rights by postal vote (as described under a) above) or by (sub-)authorising and instructing a Company proxy (as described under b) above).

For the authorisation of intermediaries, shareholders' associations, shareholder advisors and other persons to be treated as such pursuant to Section 135(8) AktG, as well as for the revocation and proof of authorisation, the special provisions of Section 135 AktG apply.

After a proxy has been granted vis-à-vis the Company or proof of authorisation has been submitted, the Company will provide the proxy with individual access data for the shareholder portal.

d) Further information on voting

Should the Company receive conflicting declarations from shareholders and/or their proxies under the same shareholder number, either through postal vote and/or via power of attorney and instructions given to Company proxies, the declaration most recently received will be given priority. Should the Company receive conflicting declarations from shareholders and/or proxies via different communication channels, and it is not possible to determine which was most recently received, they will be given the following order of priority: (i) declarations received electronically in the shareholder portal; (ii) declarations received by email at anmeldestelle@computershare.de; (iii) declarations received at Münchener Rückversicherungs-Gesellschaft c/o Computershare Operations Center 80249 München.

Should an individual vote not announced in the convocation take place on an agenda item, any postal vote cast or instructions given to a Company proxy for that item will apply to each subitem.

In the event that the number of dividend-bearing no-par value shares has decreased by the time of the Annual General Meeting, and a correspondingly amended proposal for the appropriation of the profit is being made to the Annual General Meeting with the dividend remaining unchanged at €11.60 per dividend-bearing, no-par value share, postal votes and instructions given to Company proxies on agenda item 2 continue to apply.

3 Electronic connection; transmission of the Annual General Meeting; addresses by the Chair of the Board of Management and the Chair of the Supervisory Board

Provided that they are duly registered for the Annual General Meeting, shareholders or, if they have granted proxy (as described above under III.2 c), their proxies who access the shareholder portal at **www.munichre.com/register** using the access data will be connected to the Annual General Meeting electronically for the duration of the Annual General Meeting on 5 May 2023.

The entire meeting will be streamed by audio and video on the shareholder portal at **www.munichre.com/register**, which shareholders and proxies can access using their access data in order to follow the meeting. This also applies to shareholders not duly registered for the Annual General Meeting. They may follow the video and audio transmission of the Annual General Meeting as viewers, but not exercise any shareholder rights.

The opening of the Annual General Meeting by the Chair of the Meeting and the address by the Chair of the Board of Management will be streamed to the general public at **www.munichre.com/agm** and will be available after the Annual General Meeting as a recording at **www.munichre.com/agm**.

The main contents of the addresses by the Chair of the Board of Management and the Chair of the Supervisory Board will be voluntarily published on the internet at **www.munichre.com/agm** before the Annual General Meeting, to allow shareholders and proxies to better prepare. This practice is voluntary and subject to change.

4 Shareholders' rights pursuant to Sections 122(2), 126(1) and (4), 127, 130a, 131(1), and 118a(1) sentence 2 No. 8 AktG

a) Requests for additions to the agenda under Section 122(2) AktG

Shareholders whose shares amount in aggregate to one-twentieth of the share capital or represent a proportional amount of €500,000 (the latter currently corresponds to 119,188 shares), may – either personally or by proxy – call in writing for items to be included on the agenda and published. In addition, upon demand under Section 122(2) sentence 1 AktG the Annual General Meeting may, pursuant to Section 87(4) AktG, reduce the maximum remuneration set for members of the Board of Management under Section 87a(1) sentence 2 No. 1 AktG. Relevant grounds or a proposal for a resolution must be attached to each new agenda item.

Applicants must furnish evidence that they have been holders of the shares for at least 90 days prior to the day the proposal is received, and that they will continue to hold the shares until the decision on the proposal is made by the Board of Management. Section 70 of the AktG applies to the calculation of the holding times. The day the proposal is received is not counted. Deferment from a Sunday, Saturday or holiday onto an earlier or later working day is not possible. Sections 187 to 193 of the German Civil Code (BGB) are not to be applied analogously.

Please send any proposals to the following address:

Münchener Rückversicherungs-Gesellschaft
– Board of Management –
Postfach 40 12 11
80712 München
Germany
Email: shareholder@munichre.com (in electronic form according to Section 126a BGB)

Moreover, under the conditions of Section 67c AktG, such proposals may be sent to the Company at the aforementioned address by intermediaries.

The proposal must be sent to the Company's Board of Management and must be received by the Company at least 30 days before the Annual General Meeting, namely no later than **midnight (CEST) on 4 April 2023** – also when transmitted by intermediaries.

b) Countermotions and nominations pursuant to Sections 126(1) and (4), and 127 AktG

Shareholders may submit countermotions – either personally or by proxy – to proposals by the Board of Management and/or the Supervisory Board regarding specific items on the agenda, and also submit nominations. Countermotions and nominations are to be sent to one of the following addresses:

Münchener Rückversicherungs-Gesellschaft
GCL 1.4 – Annual General Meeting
Postfach 40 12 11
80712 München
Germany
Email: shareholder@munichre.com

Moreover, under the conditions of Section 67c AktG, countermotions and nominations may be transmitted to the Company at one of the aforementioned addresses by intermediaries.

Any shareholder countermotions or nominations for the items on the agenda that are required to be made public – including those transmitted by intermediaries – and which are received at one of the addresses indicated above by **midnight (CEST) on 20 April 2023** at the latest, will be published on the internet at **www.munichre.com/agm**, including the shareholder's name and any grounds that are required to be published. Any comments by management will also be posted there.

Shareholder countermotions or nominations that are required to be published pursuant to Sections 126 and 127 AktG will be deemed to have been submitted at the moment of publication. Shareholders who are duly registered are entitled to exercise their voting rights (as described above under III.2) on such motions.

Motions or nominations submitted by shareholders who are not registered in the shareholders' register as a Company shareholder, or who are not duly registered for the Annual General Meeting, need not be dealt with at the Annual General Meeting.

In addition, shareholders connected electronically or proxies connected electronically may submit motions and nominations to the Annual General Meeting by video communication in the shareholder portal at www.munichre.com/register using the access data, i.e. exercising their right to speak as described under d) below.

The right of the Chair of the Meeting to take votes on the proposals by the Board of Management and/or the Supervisory Board first, during the voting process, remains unaffected.

c) Statements pursuant to Sections 118a(1) sentence 2 No. 6, and 130a(1) to (4) AktG

Shareholders who are duly registered are entitled to submit statements on agenda items – either personally or by proxy – in advance of the Annual General Meeting. Statements have to be submitted by **midnight (CEST) on 29 April 2023** in the shareholder portal at www.munichre.com/register using the access data.

Statements may be submitted in text form only. Statements may not exceed 10,000 characters (including spaces). By submitting the statement, the shareholder and/or proxy consents to it being published in the shareholder portal together with their name.

Statements that are required to be made public will be published in the shareholder portal at www.munichre.com/register no later than **midnight (CEST) on 30 April 2023**. Any comments by management will also be posted there.

The possibility to submit statements does not engender any right to submit questions in advance. Any countermotions or nominations, questions or objections to Annual General Meeting resolutions that are contained in a statement will not be considered at the Annual General Meeting. The procedures described under b), e) and f) apply thereto exclusively.

d) Right to speak pursuant to Sections 118a(1) sentence 2 No. 7, and 130a(5) and (6) AktG

Shareholders connected electronically or proxies connected electronically have a right to speak via video communication at the Annual General Meeting. It is envisioned that requests to speak at the Annual General Meeting will, upon notice by the Chair of the Meeting, have to be registered at a virtual registration table in the shareholder portal at www.munichre.com/register using the access data.

The Company reserves the right to check the functionality of video communications between shareholders or their proxies and the Company both during the Annual General Meeting and before the request to speak, and to reject the communication if the functionality is not guaranteed. The minimum technical requirements for video communications include an internet-capable device with a camera and a microphone, and a stable internet connection. For recommendations on how to best ensure the functionality of video communications, please refer to www.munichre.com/agm.

e) Right to information pursuant to Sections 118a(1) sentence 2 No. 4, and 131(1) AktG

Shareholders may – either personally or by proxy – request the Board of Management to provide information regarding the Company's affairs, the Company's legal and business relations with affiliated companies, and the financial position of the Group and the companies included in the consolidated financial statements, insofar as the information is necessary to permit a proper evaluation of the relevant item on the agenda and no right to refuse information exists.

It is envisioned that the right to information may only be exercised by means of video communication, i.e. as part of exercising the right to speak as described under d) above.

f) Objection to Annual General Meeting resolutions pursuant to Section 118a(1) sentence 2 No. 8 AktG

During the Annual General Meeting, shareholders connected electronically or their proxies connected electronically to the Annual General Meeting may submit objections to Annual General Meeting resolutions in the shareholder portal at www.munichre.com/register using the access data.

5 Total number of shares and voting rights

On the date of the convocation of the Annual General Meeting, the share capital of the Company amounted to a total of €587,725,396.48, consisting of 140,098,931 registered, no-par-value shares, each carrying one vote. The total also includes shares carrying no voting rights as of the date of convocation, pursuant to Section 67(2) sentence 2 AktG in conjunction with Article 3(5) of the Articles of Association.

6 Information on the Company website

Information pursuant to Section 124a AktG and other explanations regarding the aforementioned rights of shareholders are available on the Company's website at www.munichre.com/agm. The results of the voting will also be published there after the Annual General Meeting ends.

7 Shareholder service

Our shareholder team is available to answer any questions, about Munich Reinsurance Company's Annual General Meeting or on using the shareholder portal, from 9.00 a.m. to 5.00 p.m. (CEST) Monday to Friday – except for holidays – and as of 9.00 a.m. (CEST) on the day of the Annual General Meeting, 5 May 2023.
